

Rain Is New Worry In Missouri Flood

By LARRY HALL
KANSAS CITY — (AP)—Tricky Missouri valley weather posed new problems today on 700 miles of flood Missouri river—one of the world's most unruly streams. What worried the flood fighters was the question: How much will it rain? And where?

All the experts would say was that a chance of heavy rain exists. But they couldn't tell yet whether it would hit the Missouri basin, especially the over-loaded area from St. Joseph, Mo., to Kansas City.

Kaw River Watched

Even if it rained a full inch in the Kaw (Kansas) basin, they said, it would raise the Missouri at Kansas City only about a foot. That would still be well below the level the protecting dikes were built to stand.

The Kaw, a fast acting river, was what gave Kansas City, Mo., and Kansas City, Kas., their worst flood when it poured into the Missouri here last July. It's rolling

One Registered Under Red Law

DETROIT—(AP)—Only one man has come forward to register under Michigan's new anti-Communist law.

And, says State Police Commissioner Donald S. Leonard, there is a question whether he comes under the definition of those who must register under the new law.

Leonard is keeping his name secret.

The man appeared at the Detroit State Police post, said he was a member of the Civil Rights Congress and wanted to register. The Civil Rights Congress is on the U. S. attorney general's list of subversive organizations.

Under the new law all Communist-Front organizations must register with the State Police by Tuesday midnight or face arrest.

The man appeared in Detroit, "swore he was a law-abiding citizen and wanted to comply with the law," Leonard said, adding that the man declared he was no Communist and did not believe in overthrow of government by force.

Tactical Air Forces Formed To Help Stop Reds In West Europe

FONTAINEBLEAU, France—(AP)—The first two Allied tactical air forces have been formed to help defend Western Europe from Communist attack. They embrace squadrons from the United States, Canada, Britain, France, The Netherlands and Belgium.

The two new air forces will be under the command of Lt. Gen. Lauris Norstad, commander-in-chief of Allied air forces in central Europe.

An announcement by Norstad said headquarters for the northern sector is at Bad Eilsen, Germany. Called the Second Allied Tactical Air Force, it is commanded by Air Marshal Sir Robert Foster of Britain.

The central sector unit is designated Fourth Allied Tactical Air Force and has headquarters at Landsberg, Germany. The unit is commanded by Maj. Gen. Dean C. Strother of the U. S. Air Force and includes the U. S. 12th Air Force along with European components.

Weather

Reported by U. S. Weather Bureau

Atomic Holdup Bared In Book By Vandenberg

By JOHN M. HIGHTOWER
WASHINGTON—(AP)—Britain held veto power over American use of the atomic bomb for several years during and after World War II, but lost it with the ending of the atomic partnership of the United States, Britain and Canada.

In proposing to create a new partnership a few years ago, President Truman told Congressional leaders in secrecy that he wanted to share all U. S. atomic weapon secrets with Britain and Canada. Republican leaders strongly objected.

Private Papers Released

This information bearing on a major phase of American atomic policy development has been brought to light with the release of "the private papers of Sen. Vandenberg," a volume of personal and official records from the files of the late Republican foreign affairs leader in the Senate.

The 599-page book, edited by the Senator's son and long-time assistant, Arthur H. Vandenberg Jr., covers the whole range of American foreign policy from Pearl Harbor to the time of the Senator's death one year ago. The perspective is that of a man who first went through a personal revolution from "isolationism" to "internationalism" and then, beginning about the time of the San Francisco U. N. conference, played a vital role in the shaping of many great decisions.

Shared Truman Secret

Although he was a Republican—or because he was a Republican—

Jackson Convicts Mutiny; Seize Guards, Set Fires

Candidates Eye 2 Big Primary Polls Tuesday

(Associated Press Sports Writer)
Idaho Democrats pick a dozen Presidential-nominating delegates today (Monday) as a sort of prelude to similar but bigger-scale doings tomorrow in Pennsylvania and New York.

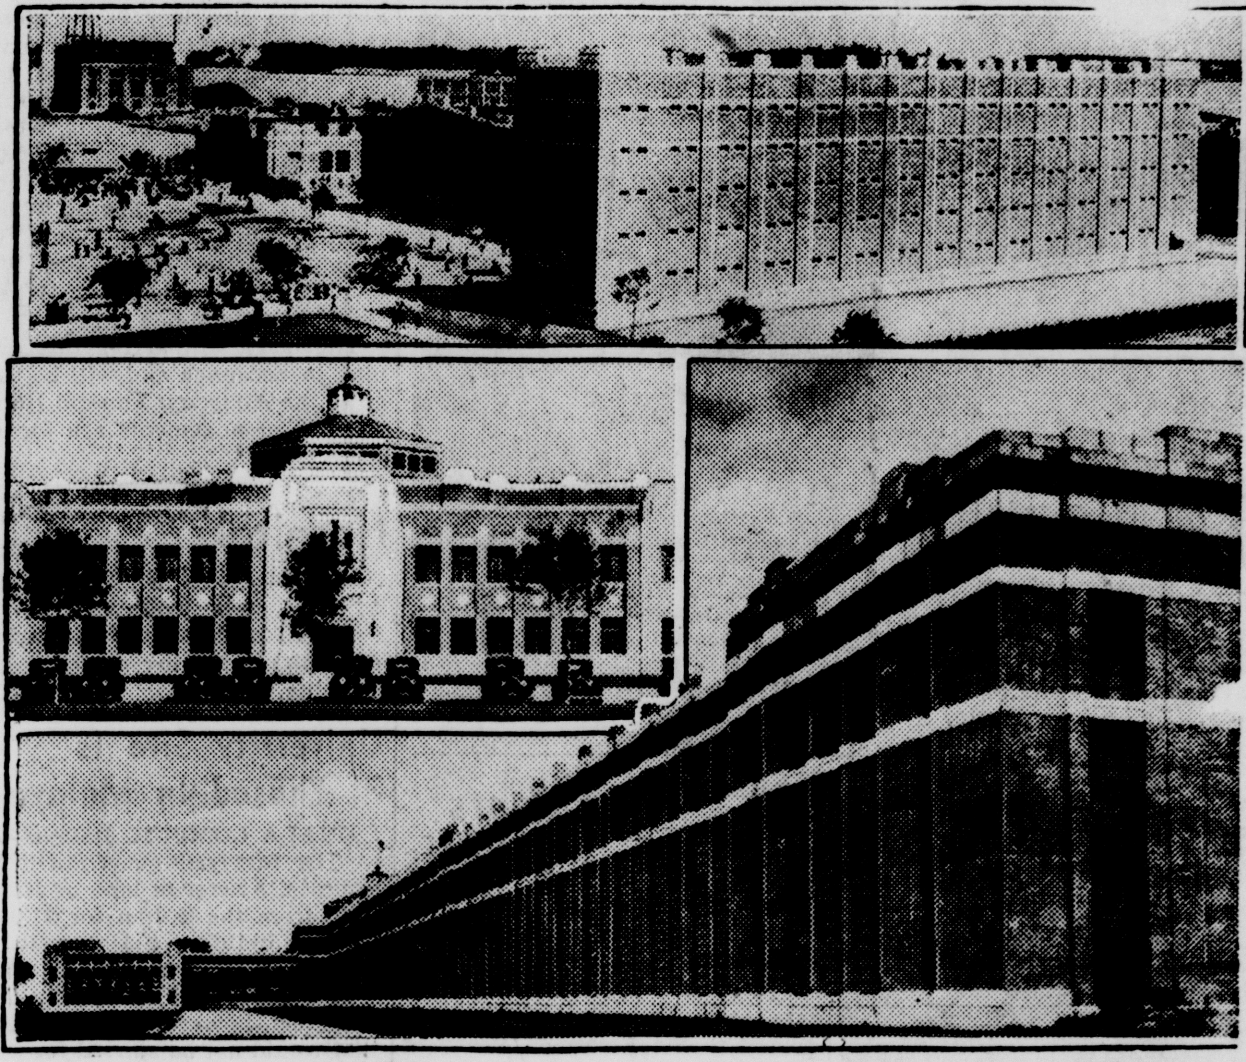

The Idaho delegation to the national convention in Chicago will be chosen at a state convention in Lewiston. Despite wooing by Senators Estes Kefauver and Tennessee and Robert Kerr of Oklahoma, the group is expected to be unimpressed on how to cast its 12 votes next July.

Many more delegate votes are riding on the outcome of tomorrow's primaries in Pennsylvania and New York. In Pennsylvania, Republicans and Democrats elect 60 district delegates each—ten at-large delegates each already have been chosen. New York names 96 Republican and 94 Democratic delegates.

Both parties in both states will send their delegates to Chicago without instructions.

New York Gov. Thomas Dewey's backing of Dwight Eisenhower seemed to assure the general the bulk of the GOP votes there, but backers of Sen. Robert Taft of Ohio were claiming 20 delegates. W. Averell Harriman, the administration's foreign aid chief, seemed to have the New York Democratic delegate votes cornered.

In Pennsylvania's Presidential preference primary there were only two names on the ballot, both Republicans—Eisenhower and former Gov. Harold Stassen of Minnesota. Taft bowed out, saying it was a waste of time and money inasmuch as results are not binding on delegates.

SCENE OF MUTINY AT JACKSON PRISON—Shown above are three views of the huge Michigan state prison at Jackson, where 250 convicts definitely holed up in a mutiny today, holding ten guards with knives as weapons. Picture at top shows the prison grounds inside the walls with the ball park at the left and the detention cell block and dining hall at the right. Center at left is the administration building and below are cell blocks six and seven. A Jackson newspaper reporter today said the men complained of brutal treatment in cell block six where mental-case prisoners are held. (Associated Press Photos)

Freeing Of Oatis Foreseen By AP

NEW YORK—(AP)—The board of directors of the Associated Press said today it is confident the United States government "will explore and exploit any opportunity to end the unjust confinement" of AP reporter William N. Oatis in a Czechoslovakian jail.

Oatis was jailed a year ago this week—April 23—on charges of espionage. He was sentenced last July 4 to 10 years imprisonment.

The AP directors said the trial showed he was guilty "only of endeavoring, honestly and objectively, to gather and report information which in the western world is legitimate and essential news."

The AP directors reviewed the Oatis case in their report to the annual meeting of members of the Associated Press, worldwide news gathering cooperative, held in the Waldorf-Astoria hotel.

The AP has a larger staff of foreign correspondents today than it had before World War II and is spending nearly three times the 1938 figure for obtaining and transmitting foreign news, the report said.

Newspaper membership during the year increased by 13 to a total of 1,733. There was a net increase of 58 radio station memberships, bringing the total to 1,126. In 72 countries outside the United States, 2,705 newspapers, radio stations and periodicals received AP news and Newphoto services.

Eisenhower Ordered To Bed With Cold

SUPREME HEADQUARTERS ALLIED POWERS IN EUROPE—(AP)—A heavy head and throat cold will keep Gen. Dwight Eisenhower in bed for another day.

Informants said his temperature has dropped to normal but another day of rest is needed to lick an "upper respiratory infection."

The General was ordered to bed by his doctor on Saturday.

Eisenhower's physician said the General would be kept at home "at least until Thursday."

He added that "we're going to try to keep him in bed."

The Supreme Commander is suffering from a "severe streptococcus throat" ailment, the physician said.

Idaho Democrats Pick Convention Delegates

LEWISTON, Idaho—(AP)—Idaho Democrats pick 12 delegates to the National convention today with their selection overshadowed by a battle for control of the party in the state.

Senators Kefauver and Kerr made the strongest bid for support of the delegation which is expected to be unimpressed. The Tennessee supporters were aligned with the liberal wing seeking to oust the Conservative faction which holds the party reins.

Angry Senators Act To Block Truman's Steel Mill Seizure

WASHINGTON—(AP)—President Truman told the Senate today that if it restricts use of government funds for operation of the seized steel mills it may result in "paralyzing the operations of the government in an emergency."

In a letter to Vice President Barkley, the President hit out vigorously at Republican-sponsored moves to deny any funds for government operation of the mills.

He said enactment of the GOP proposals might lead to a complete shutdown in steel and "immediately reduce the ability of our troops in Korea to defend themselves against attack."

Republicans sponsoring the move to cut off funds for government operation of the steel industry claimed growing Democratic support.

They have put forward two proposals:

1. Forbid use of any federal funds provided by a pending money bill for salaries of officials to run the steel mills under seizure; introduced by Sen. Ferguson (R-Mich.).
2. Deny use of any federal funds, regardless of the source, to seize or operate any plant without specific consent from Congress. This tougher version was proposed by Sen. Knowland (R-Calif.), a leader in the anti-seizure maneuvering.

Amendment Tacked On
The proposed amendments would

Hunger May Break Jersey Prison Riot

RAHWAY, N. J.—(AP)—With hunger and thirst as their allies, Rahway state prison officials waited patiently today for a break in a four-day rebellion of 231 hardened convicts.

The revolt is the longest in a series of five prison outbreaks in the state. A similar mutiny by 69 convicts at Trenton state prison, 40 miles to the south, ended Friday after 77 hours. The Rahway uprising equalled this mark at 2 a. m.

Water Shut Off
Barricaded in a dormitory wing, prisoners were promised they would receive no corporal punishment if they surrendered without harming their eight guard hostages.

The desperate convicts, vowing "victory or death" in their mutiny, reportedly were arguing and bickering well into the night as meager food supplies dwindled.

Water has been shut off to the wing since the riot flared up Thursday night. William Lagay, superintendent of the prison farm, said the rebels might be tapping a pipe prison officials don't know about.

Calling For Food
Chants of "we want food" echoed yesterday from the wrecked wing, where huge signs, crudely lettered on bedsheets, hung from shattered windows. On one of the bedsheets was written the mute appeal—"water."

A large kite, fashioned from a bedsheets and launched from a window was inscribed with the "victory or death" boast.

Nine guards were seized by the rioters at the start of the outbreak. But one was released Saturday night when he became ill. The released guard, Marlin Dunn, said the convicts treated their hostages well. When thirst became unbearable, Dunn said, convicts smashed steam radiators in the dormitory and drank trickles of rusty water from the pipes.

Spray Gun Invented To Dye Bank Robbers

HALIFAX, Nova Scotia—(AP)—A local Marine engineer and master mechanic has invented a "jet gas gun" to mark both bank robbers and their loot.

The inventor, J. Dan Pride, has patented his gun in Canada and has patent applications pending in other countries.

Not intended to kill or injure permanently, it would be installed under the tellers' counters in banks. In a holdup, a quick foot movement by the bank employee would blanket the robber with dyed ammonium hydroxide shot from a tiny nozzle under 2,000 pounds of pressure.

The ammonia would blind and sicken the robber. The purple dye wouldn't wash off him for several days, and would never come off any money he held.

Pride considered giving the gas a strong, objectionable odor but couldn't figure out how to get it out of the bank after a holdup.

Juliana Returns

DETROIT — (AP)—Queen Juliana of The Netherlands will pay Michigan a brief return visit today. She and her husband, Prince Bernhard, will fly to Detroit from the west coast, changing planes there for a Canadian visit that will end their tour of the New World.

Rioters Wreck Cell Block; Led By 'Crazy Jack'

JACKSON, Mich. — (AP) — The State Prison of Southern Michigan — riot-ridden and on fire in some places—lay in a tense state of siege today.

Two hundred state police, aided by 400 guards and others, were battling to wrest control of the huge institution from the hands of convicts.

1,600 In Uprising

At noon progress was reported, but full control seemed distant.

This was at the approximate 17th hour of a night and morning of mutiny and rioting at one time involving an estimated 1,600 prisoners.

The prison, said to be the world's largest, has nearly 5,000 men within its walls.

The prison chapel was one of the places on fire. A fire in the laundry was reported out of control.

State Police and others made desperate efforts to restore order as 250 prisoners still were carrying on a wild spree in the prison yard, bent on plunder and fire.

More Guards Grabbed

Cell block 15, the disciplinary block where hardened criminals are kept, was the center of the trouble.

All night long four prison guards had been held captive by a group of mutineers in the block and six more were seized today.

Heading the mutineers was "Crazy Jack" Myatt, the robber who once tried to escape by threatening visiting Gov. G. Mennen Williams with a knife.

Prison officials prepared to make an appeal by radio to the rebels in block 15.

They intended to offer the men safe conduct outside the block in return for a peaceful surrender.

Firearms Used

A riot at breakfast in the prison mess hall and other fights that followed led to the injury of half a dozen guards. None was reported seriously hurt.

As smoke from the fires rose above the high walls, State Police Commissioner Donald S. Leonard said "we're sitting on a powder keg."

By that time there were several blazes. Police tried to move a fire truck inside the walls.

State Police, armed with sub-

Prices Slashed By Auto Maker

By DAVID J. WILKIE
DETROIT—(AP)—The first substantial price reduction to be announced by any auto company in many months became effective today with a \$100 to \$168 cut in Kaiser-Frazer's Henry J. line.

However, the reduction does not indicate a trend in auto prices generally, according to automotive authorities. Increases, authorized by the Capehart amendment to the national defense act, have been the rule and there isn't likely to be any definite price action by other manufacturers until uncertainty about steel prices has been removed.

Automotive circles interpret the K-F action in reducing Henry J model prices as an effort to re-adjust the competitive position between this newest model in the Kaiser-Frazer line and the average price of other somewhat larger cars in the lower-priced field.

Rumor has had it that some K-F dealers have been protesting that their sales problems had been intensified by the fact the differential between the Henry J models and average Ford, Chevrolet and Plymouth models was relatively small.

In announcing the new Henry J price schedules, Edgar F. Kaiser, K-F president, noted that, effective immediately, the lowest priced Henry J model is priced at more than \$350 below the average of the volume cars in the lower priced group.

City Schools Adopt Budget Of \$674,636

The Escanaba Board of Education in adjourned meeting Saturday afternoon adopted a budget totaling \$674,636 for the 1958-59 school year and calling for a levy of 10.34 mills in local school taxes.

Most of the city school district's income is from state aid and other revenues returned to the local district by the state.

Estimated income from state and other sources totals \$504,125, leaving \$141,125 from local taxes to meet the budget's needs for operations and capital outlay.

Most For Salaries—An additional \$29,227.50 is raised through debt service for the retirement of principal and interest on the Junior High school building bonds.

Salaries for school personnel, including teachers, administrative staff, custodians and others, takes the largest slice of the operating budget, it was reported by John A. Lemmer, superintendent. The salaries total 77.9 per cent of the operating budget.

The teacher salary scheduled has been revised upward by the Board of Education to assure the district that wages will be sufficiently attractive to obtain the services of new teachers, and to keep to a minimum the teacher turnover.

Some capital outlay is required to maintain the present buildings, several of which are old and in need of major repairs. Included in the budget is fireproofing of the Barr school heating plant room, and work on other buildings.

Need More Millage—C. Gust Peterson, board member, was named to represent the city schools on the county tax allocation commission. He will go before the commission with a request for 10.34 mills, and increase above the 7.5 mills allocated to the city school district last year.

The 10.34 mills would be levied on the city's valuation of \$13,659,254 to obtain local revenue needed to balance the school budget for the coming year.

In other business the Board of Education authorized attendance with expenses paid of a group of grade school teachers to a conference on mental health to be held at Blaney Park; and to an area study curriculum conference at Marquette. Vernon Hienfeldt was authorized to attend an adult education conference at Lansing.

The Board received notice of hearing on the will of Mrs. Albert J. Young, who willed the school district \$10,000 to establish a scholarship fund in memory of her late husband; and \$500 for crippled children's work.

Isabella

Harmony Club—Mrs. Raymond Nedeau was hostess to the Harmony club Wednesday evening in her home. Mrs. Harvey Sundin was the honored guest. Games were played with prizes going to Mrs. Isadore Bonifas, Mrs. Caleb Johnson, Mrs. Harvey Sundin, and Mrs. Pete Farslund. Guests at the meeting were Mrs. George Mayo, Mrs. Leo Nedeau, Mrs. Bruce Smith, and Mrs. Neil Olmstead.

Ladies' Aid Society—The Ladies' Aid Society of the Bethany Lutheran Church will meet Thursday evening, April 24, at 8 at the home of Mrs. Nick Dennison. Members and friends are welcome.

Dance Tonight—The American Legion will sponsor a dance this evening at the Isabella Community building. Refreshments will be served by the Auxiliary. Music will be by the Groleau orchestra.

Evening Party—Mr. and Mrs. Isadore Bonifas entertained several friends at their home Friday evening. Social divisions were followed by a lunch. Guests were Mr. and Mrs. Bruce Smith of Grayling, Mrs. Neale Olmstead, of Detroit, Mr. Alfred Asplund of Cunaud, Mr. and Mrs. Harvey Sundin, Mrs. Signe Bonifas, Mrs. Nick Bonifas and Mrs. Judith Strom.

Records indicate that the silk industry existed in China before 2,000 B. C.

OPEN HOUSE—This is open house week at the U. S. Army and U. S. Air Force recruiting station in Escanaba. In this picture, Airman First Class Mary Coleman is giving Air Force information to Shirley Sarasin. Any women interested in enlisting in the U. S. Air Force is invited to visit the station and talk it over with the recruiters on duty. (Daily Press Photo)

KIRK NEWMAN

Kirk Newman, instructor in ceramics of the University of Michigan extension service, will conduct the second program in the University of Michigan art series tomorrow evening at 7:30 o'clock at the Junior High School.

Mr. Newman will demonstrate "throwing clay" with a potter's wheel during his lecture. He has been associated with the University of Michigan extension service since 1949.

Formerly he taught at Tulsa University, Tulsa, Oklahoma and has done graduate work at the State University of Iowa. He was awarded the Wilbur J. Hollemen Sculpture Scholarship in 1948 and has won prizes in both sculpture and pottery.

Blackstrap molasses, wheat germ and yogurt, highly touted health foods, provide no miraculous cures, according to Michigan State College food specialists.

Escanaba Woman Taken By Death

Mrs. Clyde Robinson, 41, 406 Ogden, died yesterday afternoon at St. Mary's Hospital in Rochester, Minn., where she had been confined for the past four days.

She was born Jan. 11, 1911, in Superior, Wis. She was a former beautician in Evanston, Ill., and Ashland, Wis. In March of 1937, she was married to Mr. Robinson. She moved to Escanaba seven years ago.

Active in church affairs, she was a member of the First Presbyterian Church. She also belonged to the Order of Eastern Star and to an auxiliary to a Chicago and North Western brotherhood.

Surviving are her husband; two sons, Clyde C. Jr. and Thomas D., both at home; her parents, Albert Roseberg, Superior, Wis., and Mrs. Albert Roseberg, Escanaba; three brothers, Alfred E., Pascoe, Wash., Farris, Pontiac, and David W., Bryan, Tex.; one sister, Mrs. William McIntyre, Richland, Wash.; three nieces and one nephew.

The body will arrive this evening in Escanaba and will be taken to the Anderson Funeral Home. Funeral arrangements are incomplete.

Hospital

Mrs. Margaret Strand, 509 1st Ave. N., was admitted to St. Francis hospital Sunday evening and submitted to surgery this morning.

University Site Is P chased In Malaya

KUALA LUMPUR, Malaya—(AP)—The Malayan government has bought 815 acres of land in Johore state from the Sultan for \$1,600,000 for building a University of Malaya.

The director of education, L. D. Whitfield, however, said construction would not be started for some time.

The list of accidents included those occurring outside of school hours as well as those during school hours, said Supt. John A. Lemmer. A total of about 1,400 children attend the five schools.

The number of accidents by schools is as follows:
Franklin—11 total, of which three occurred on the jungle gym; Barr—3 total, none on jungle gym; Jefferson—3 total, 1 on jungle gym; Washington—1 total, none on jungle gym; Webster—6 total, 3 on jungle gym.

A larger number of children stay through the noon hour at the Franklin school, believed to account for the larger number of accidents there.

Briefly Told

Meeting Postponed—The DeMolay meeting scheduled for tonight has been postponed one week.

Charge Speeding—George A. Kallio of Marquette Rt. 1 was ticketed Saturday night by Escanaba police for speeding in the 200 block, Stephenson Ave.

Fourth Degree Knights—All Fourth Degree Knights planning to attend the stag party at the Edward Demarse cottage are asked to meet at the K. of C. club Tuesday at 7:30 p. m.

Cancer Drive—All persons on County Highway 521 from Ford River Mill to Hyde, who wish to contribute to the Cancer Drive, should bring their contributions to the home of Mrs. Chester Feak before May 1.

Fire Calls—Escanaba fire department responded to 14 calls on Saturday and one on Sunday to extinguish grass fires. In one fire Saturday a chicken coop owned by Ed Lequia and located at 307 South 24th St., was badly damaged.

Bedding Damaged—Fire in a bed at the Main hotel, 1204 Lud-

ington, early Sunday was extinguished by the persons who had rented the room. The occupants extinguished the blaze and left without reporting the damage, police were notified.

Building Permits—Applications for permits to construct dwellings have been approved by the city as follows: Elmer C. Sanders, at 205 South 17th St.; William Winkler, at 1100 South 15th St.; Olsen & Flath, at 812 South 19th St.; Conrad Pratt, at 925 North 20th St.

Driver Ticketed—Arnold Stewart of 517 First Ave. N. Saturday was ticketed by Escanaba police for making an improper left turn; and on Saturday afternoon police ticketed Bruce G. Taylor of 1315 Second Ave. S. for failure to yield right of way following an accident in the 1000 block, Ludington.

Reported Missing—Mrs. Mary Sauer, who has been receiving treatment at Pinecrest sanatorium, Powers, is reported missing since April 15 according to her mother, Mrs. Shergue of 236 Lake Shore Drive. Escanaba police were informed that Mrs. Sauer was last seen at an Escanaba tavern in company with two men.

Arrest Youth After Chase

Kenneth Wilson, 20, of Chatham was awaiting arraignment in county jail this morning on the charge of reckless driving after his arrest early Sunday morning by Michigan State Police officers who pursued his fleeing car from Gladstone to Maplewood, three miles north of Rapid River.

Police officials reported they first noticed the speeding car in Gladstone and began to follow it to apprehend Wilson who then accelerated his speed to elude the patrol car.

In the ten-mile chase north on US-2-41, Wilson's car clipped an automobile driven by Arthur Bergeron of Masonville near Days River and twice forced the patrol car off the highway.

Wilson finally brought the car to a halt after the hood sprang open and obstructed his vision.

A juvenile passenger in Wilson's car was turned over to the probate office in Alger county.

Wilson was expected to be arraigned in justice court today.

Mosquito Killer Fish Will Out By Flood

LOS ANGELES—(AP)—City Health Officer George M. Uhl released a sad statistic today:

Winter floods wiped out more than three million of Los Angeles' famed gambusia affinis, tiny fish with voracious appetites for mosquito larvae.

Two million were washed out of stocking ponds in Reseda and Northridge and another million were swept out to sea from the Los Angeles River.

"But one million survived," Uhl said, "and they will be put to work where they are most needed."

Health authorities plant the fish each year in fresh water lakes and ponds where mosquitoes are likely to breed. In addition they give them away to individuals who have private ponds.

Uhl said 50,000 gambusia will be made available to private citizens starting May 5 at 17 locations in the Los Angeles area.

Newfoundland, once England's oldest colony, is now a province of Canada.

Michael Fox, 79, Of Gould City, Dies

MANISTIQUE—Michael Fox, 79, Gould City, died at 4:15 Saturday afternoon at the Schoolcraft Memorial Hospital. He had been ill for the past month.

He was born Feb. 11, 1873, in Kinkora, Ontario, Canada. In his early youth, he moved from Canada to Mt. Pleasant. In 1902 he moved to Cooks, where he remained until five years ago when he moved to Gould City.

On July 10, 1903, he married the former Mabel Gibbs. He was a member of St. Mary's Church of Cooks. He spent his life as a farmer and logger.

Surviving are his wife; three sons, Horace and Virgil, Cooks, and Eugene, Detroit; six daughters, Mrs. Wilfred DeMers, Mrs. Wesley Parrish, and Mrs. Joseph Carley, Cooks, Mrs. Gladys Popour and Mrs. Leonard Roe, Pontiac, and Mrs. Ina Thorell, Houston, Tex.; 39 grandchildren; and four great-grandchildren.

The body was taken to the Messier-Brouillette Funeral Home, where friends may call now. Funeral services will be held Tuesday morning at 9 from St. Mary's Church in Cooks. Burial will be in the Cooks Cemetery. The Rosary will be recited this evening at 8:30 at the funeral home.

Schaffer

Birthday Party

SCHAFER—A group of young folks enjoyed a dancing party at Potvin's Fireside Room Wednesday evening in observance of the 17th birthday anniversary of Lawrence (Sonny) Richer. Lunch was served with a large birthday cake the centerpiece. Lawrence was presented with many gifts. Guest prize was awarded Francis Zawada. The party was arranged by Mrs. Lawrence Richer and

Fire Destroys Isabella Home

NAHMA—The home of Frank E. Lake of Isabella was completely destroyed by fire Sunday afternoon leaving the parents and their seven children, all under the age of 11, destitute. The fire, which is believed to have been caused by defective wiring in the attic, left only three pair of overshoes untouched.

The baby was slightly burned when the ceiling over its crib fell. The family is temporarily taking refuge at the Lester LaBumbard home in Nahma.

daughter JoAnn and Mrs. Edwin Hall. Out-of-town guests were Jim Tebear and John and Ronald Jaeger of Escanaba.

Personals

Gladys Williams left Wednesday for Chicago to attend the funeral of an uncle.

Antone Barish Dies, Funeral Services Tuesday

Antone Barish, 63, died Saturday at 5 p. m. at the home of Mr. and Mrs. Mike Stropich, 1427 Stephenson avenue, where he had resided the past three years. He had been in failing health for a year and seriously ill the past two weeks.

He was born in Yugoslavia March 15, 1889, and came to the United States 45 years ago. He was formerly a night watchman for the Escanaba Coal and Dock Co. He was a member of St. Thomas Church and of the International Longshoremen's Association.

He leaves one brother, Paul, in Yugoslavia, and two nieces and one nephew in Escanaba.

The body was taken to the Boyce Funeral Home where friends may call. The rosary will be recited there at 8 this evening. Services will be held at 10 a. m. Tuesday at St. Thomas Church with Father Arnold Thompson officiating. Burial will be in Holy Cross cemetery.

U. P. School Bands Play Here Saturday

Band music will be heard all day long in Escanaba on Saturday, April 26, when this community will be host to 1,087 students in 22 school bands participating in the Upper Peninsula Band Festival.

Both the Escanaba Senior High

school auditorium and the auditorium in Junior High will be used by the student musicians from 20 schools, according to Robert S. Meyer, director of instrumental music in Escanaba schools, and Band Festival chairman.

Menominee and Escanaba will each enter two bands, one from their Senior and one from their Junior high schools.

Other schools participating in the Band Festival are the following:

Baraga, Brimley, Gladstone, Gwinn, Iron Mountain, Ishpeming, Kingsford, L'Anse, Marquette, Manistique, Munising, Negaunee, Newberry, Painesdale, Powers, Spalding, Rapid River, Sault Ste. Marie and Wakefield.

Because of the uncertainty of the weather it is not planned to have a marching parade of the bands, as has been the custom at Band Festivals in some communities in the past.

The Band Festival is held for the purpose of stimulating interest of the student musicians and evaluating the performances of the bands.

Need a Laxative Almost Every Night?

Then rely on safe, all vegetable DR. EDWARDS' PILLS

Adjudicators will be Dwight Dailey and Glenn Smith of the University of Michigan.

Audition Students

They will present general comments on the performances of the several bands, providing band directors with an unbiased evaluation of their work and the points in which they can concentrate efforts toward improvement.

The adjudicators will also direct three numbers each in the program to be presented by the selected 150-piece "U. P. Band" made up of top musicians. The massed band program will be presented in the evening at Junior High auditorium.

Applicants from among the music students who wish to play with the U. S. Navy Band at its appearance in Escanaba on Monday, April 28, will be auditioned by the adjudicators. One student from each instrumental section will be named to play with the Navy Band at its matinee performance.

Treaty Restrictions Needed To Preserve American Liberty

A standing committee of the American Bar Association which recently completed a comprehensive study of the American Constitution, federal and state statutes and American treaties with other nations has recommended an amendment to the U. S. Constitution as a means of preserving the rights and liberties that we now possess under our Constitution.

The committee has recommended this amendment to the Constitution:

"A provision of a treaty which conflicts with any provision of this Constitution shall not be of any force or effect. A treaty shall become effective as internal law in the United States only through legislation by Congress which it could enact under its delegated power in the absence of such treaty."

This amendment has been proposed because of Article VI of the Constitution which reads as follows:

"This Constitution, and laws of the United States which shall be made in pursuance thereof, and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land, and the judges in every state shall be bound thereby, anything in the Constitution or laws of any state to the contrary notwithstanding."

This article has been interpreted to mean and the Supreme Court has held it to mean that any treaty entered into by the United States becomes the supreme law of the land, even if the treaty restricts rights and liberties otherwise granted to Americans by the Constitution itself.

Husbands, Prepare For Battle Of The Brooms

The ice has broken on the rivers, the first flowers have appeared and the birds have returned from their pilgrimages to warmer climes. Housewives are getting that gleam in their eyes which experienced husbands know is the first warning of the impending spring cleaning. Women who are ordinarily meek souls now assume the role of field-general planning strategy for an attack on the dusty corners and cupboards. The man of the house is bound to feel a bit uneasy about all this. For most women regard husbands as extremely expendable in this annual battle of the brooms and if a husband is not careful he may find himself in the role of shock troops or furniture mover.

There are several ways a husband can deal with spring cleaning. Enlistments are open in over-seas combat units for men too cowardly to stick it out at home. Sea voyages are highly recommended but some sea captains are as bad as wives about general clean-ups. The fugitive might find that he had merely exchanged the frying pan for fire. A husband with thespian abilities can assume an air of helpless incompetence. None of these methods are guarantees of peace and quiet.

Perhaps the best thing a husband can do is to regard the whole business as part of the earthly travail that is man's lot, and to endure it with what patience he may. Soon the house will be sparkling clean and the ordeal will be over.

UNCLE EF

An idea to organize a club of 10 members to buy that five-dollar book, "Mr. President," on shares collapsed here because Old Man Hobbs couldn't find 10 people with 50 cents to spare after having paid their taxes. Then the book store wouldn't give him credit on a ten-cent raffle because they didn't think there were 50 people with a dime to gamble.

The Doctor Says . . . Chronic Leukemia Victim Can Be Aided by X-Ray, Chemicals

BY EDWIN P. JORDAN, M. D. — Written for NEA Service

The name for the disease called leukemia, was originally proposed by the famous German pathologist, Virchow, more than 100 years ago. Translated it means "white blood." Of course, the blood does not turn completely white in leukemia, but there is a "whiteness" about it which is caused by the destruction of many normal red cells and their replacement by colorless cells, known as white cells or leukocytes.

Leukemia is really a condition in which the white cells have grown wild. Not only are there more white cells than there should be in leukemia, but also there are abnormal forms and kinds.

Under normal conditions there are between 5000 to 10,000 white cells in a cubic millimeter of blood (a cubic millimeter, incidentally, is an extremely small quantity), but in leukemia, the number of white cells—normal and abnormal—rises to 30,000 or 40,000 and sometimes as high as 100,000 or more in a cubic millimeter.

There are several kinds of leukemia named according to the type of cell which is predominant and whether the condition is acute or chronic. Regardless of the type, however, the cause of leukemia is not known, although many theories have been suggested.

In the rapid or acute case of leukemia, regardless of the type of cells involved, the

body becomes overwhelmed with these abnormal leukocytes. The patient weakens rapidly. Bleeding may take place from the gums or into the skin, and the latter is usually pale and slightly yellowish looking.

In the slower or more chronic cases, enlargement of the lymph glands in the armpits, groin, or neck may be the first sign of the disease. The spleen also is usually enlarged. Increasing fatigue is another common early sign.

NO FORESEEABLE SIGN
The person who discovers a cure for leukemia should be highly honored. As things are today, however, a cure for the disease is not immediately in sight.

Those who are afflicted with leukemia, especially the chronic varieties, can be helped temporarily in many cases by blood transfusion, by X-rays over the spleen or by certain kinds of arsenic preparations taken by mouth. Radioactive phosphorus, urethane, nitrogen mustard, ACTH and cortisone, and many other substances have been tried and may have a place in some cases. However, up to the present, no reliable method of cure has become available.

The only good thing that can be said about leukemia is that it is not more common. There is probably more danger of being hit by an automobile than there is of contracting leukemia.

We're All Speeding From The Land

SOMETIMES it seems that in our modern mania for speed we're hurtling directly away from a thing that can mean most to us—the land itself.

Super-highways and 90-mile-an-hour trains whisk us about so fast we often can't even see where we've been, much less where we're going. Planes rocket us along above the clouds and often out of sight of earth. Subways shoot us through underground night.

Maybe we didn't set any speed records in the old slow days. But speed records are flimsy, perishable stuff anyway, and there is not much market for them. There was nothing like an overland trek in a Model T to get the look and the feel and the smell of the land.

Other Editorial Comments

ANTIGO'S EXPERIENCE

(Marinette Eagle-Star)

A warning that city manager form of government is not infallible is seen in the vote at Antigo Tuesday where the results were nearly two to one in favor of a return to aldermanic form of government. Rhinelander had previously abolished city manager government. The change in Antigo becomes effective next April.

It should be said that once city manager government is established, a change back to the aldermanic form rarely occurs, but in the instance of Antigo and Rhinelander there may be some interesting information available. What created the demand for return to the aldermanic in Antigo? What was back of the change in Rhinelander?

Answers to these questions might provide the City Council of Marinette with information on some of the pitfalls that should be avoided. It would be wise for Marinette councilmen to study failures as well as successes in the operation of the city manager form of government.

Incidentally, the Marinette council that was elected Tuesday is committed to the selection of a city manager from a list of experienced personnel, which precludes the naming of any Marinette individual to serve as manager. Since the people have voted for a change, it would be unwise to elect a local person to serve as manager, regardless of his apparent qualifications. A local person might have political or other ties that would handicap his services as manager.

Merry-Go-Round

By DREW PEARSON

PARIS — Most of the newsmen around Paris seem to think that the most important story in Europe is Eisenhower—when he will leave, where he will speak, what he had for breakfast. I don't think so. To me, the most important story on either side of the Atlantic today is that the peace of Europe may be within our grasp.

Peace can be made or unmade within the next few months. And it is unfortunate that Eisenhower is leaving at this crucial time, when a push here or his persuasive influence there could make such a difference for future war or peace.

The vital fact to be remembered about Europe today is that for 80 years men have been marching into battle on either side of the Rhine and now, for the first time in 80 years, they plan to organize on both sides of the Rhine under one army! wearing the same uniform.

Eisenhower did not conceive this idea of a unified European army. The diplomats conceived it, notably Robert Schuman of France. But Ike has given it its longest push forward, and if the final push can be given in the next few weeks it will be more important to his grandchildren than his becoming president. That's why future historians may write that Eisenhower's departure at this particular moment influenced the future of Europe for better or for worse and for a long time to come.

MOSCOW FEARS UNIFIED EUROPE

How strong the drive is toward a unified Europe may be judged by the drive of the men in the Kremlin to head it off. Nobody knows better than they what a united force under one army would do, first, to European defense, and second, to the fight against Communism. That's why peace in Korea, elections in East Germany, the evacuation of the Red army from East Germany, even the return of East Prussia to Germany all are involved in the Kremlin's efforts to block the new accord between France and Germany.

It's a race for unity by the Allies and a race against unity by the Kremlin, with Moscow ready to throw most of its most important blue chips into the pot to block the dreaded idea of France and Germany defending each other from the common enemy with a common army.

Unfortunately, Moscow has some potent allies—even including a few in the United States. Here is a roll-call of the people and factors lined up with Moscow to defeat the most important step toward world peace in eighty years:

Ally No. 1—is corruption in the U. S. A. After World War I a great leader, Woodrow Wilson, got sick and with him sickened the world's aspirations for peace. After World War II the administration in Washington swallowed too much corruption and became sick. With that sickness evaporated its prestige for leadership, its ability to influence foreign policy, and its power to obtain congressional appropriations. Also another great man got sick—Arthur Vandenberg of Michigan, the Republican who had kept his party from kicking foreign policy all over the political gridiron.

Mr. Truman, whose ideas on foreign policy are excellent, may never know how much he has hurt his own great goals for peace by failing to clean up the corruption in his administration, and by letting public attention focus on that corruption rather than on world unity.

Ally No. 2—is French fear and apathy. Though he lives with a potential enemy across the border and though his land has suffered two devastating invasions in three decades, there is no man more provincial than the Frenchman. And today, though most French leaders are for unity with Germany, the man in the street is skeptical. "Do not arm Germany with anything more than a wooden sword," he says.

The average Frenchman not only fears Germany but he is apathetic about the whole business of peace. He is like many Americans today—tired of paying high taxes, against peacetime military conscription, opposed to having American or any foreign troops on French soil.

Ally No. 3—is the German Socialists. They are deeply opposed to German rearmament of any kind; in fact, German youth have laid down in the streets to demonstrate against the proposed German army. So far, Chancellor Konrad Adenauer, who favors a European army, has the majority of West Germany with him, but his margin of votes is dangerously slim.

Ally No. 4—is a religious one. It's the opposition of French Socialists to a West European army, which they claim would be an arm of the Catholic church.

Into The Past

10 YEARS AGO

London—Chinese infantry and British tanks teamed up in a bold counter-attack to score their first offensive success in Burma by driving the Japanese from Yenangyang in the center of the ruined oil fields by a headlong assault.

Washington, D. C.—The Japanese, apparently still trying to learn how Tokyo and three other of their greatest cities were bombed a few days previously, suggested that the planes came from three U. S. aircraft carriers and then sped on to Havens in China.

Escanaba — Funeral services for Severe Sauvageau, aged resident of Escanaba, were held at St. Ann's Church with the requiem mass being celebrated by the deceased man's son, Fr. Vincent Sauvageau and two grandsons, Fr. Paul Sauvageau and Fr. Harvey Toonen as deacon and sub-deacon.

Gladstone—Corporal Carl Olson, son of Mr. and Mrs. John A. Olson, was reported to be stationed at Fort Dix, N. J.

Manistique — An appropriation of \$250 for the Manistique Chamber of Commerce was approved by the Schoolcraft County Board of Supervisors.

30 YEARS AGO

Iron Mountain—Three men traveling in a car held up Albert Scafasle of Loretto, robbed him of \$30 and abandoned their car, later found to have been stolen from Dr. C. F. Drury, Iron Mountain, in Spalding.

Escanaba—Mr. and Mrs. Thomas Richer, 1405 Ludington St., returned from a winter vacation in Florida.

The reducing woman hopes her husband will stick with her through thick and thin.

"Stop Rocking the Boat!"

New Zealand Is Miniature World Of Many Marvels

WASHINGTON, D. C. — New Zealand, on the opposite side of the world from the United States, is a land in which flightless birds use their long noses as third legs, glowworms illuminate caves, and "fossils" are alive.

All these, as well as the more prosaic features of the island dominion, are described by Howell Walker in "New Zealand, Pocket Wonder World," in the current National Geographic Magazine.

Walker writes that he found New Zealand "a miniature universe of natural marvels," peopled by friendly residents of British extraction and by Polynesian Maoris who live peacefully with the white men they preceded by several centuries.

Maoris Enjoy Equal Rights

The Maoris, who enjoy equality with the whites and work and fight side by side with them, were not always cooperative with other peoples. When they first arrived, sailing thousands of miles over the Pacific in frail canoes, they subdued and virtually exterminated the aboriginal Moriori natives.

New Zealand has almost every

kind of scenery, from low Florida-like beaches to rockbound coasts, from a chain of mountains topped by snow-clad 12,349-foot Mt. Cook to wide grasslands. In the south, Antarctic breezes sometimes cool the coasts, while in the north citrus fruits prosper in semi-tropical weather.

Kiwi and Tuarua

The flightless birds and living "fossils" are natives of New Zealand. The birds are kiwis, with furlike feathers and long noses that serve to smell out food as well as to prop up the five-pound fowls.

The "fossils" are dragonlike tuataras, which reach a length of two and a half feet. They are the last living remnants of a group of ancient reptiles that had three eyes—the third one on top of the head. This eye is represented only by a rosette of scales in the few tuataras now living in zoos and on outlying islands.

The glowworms are tiny insects that inhabit the roofs of caves and use their natural luminescence to attract other insects as prey.

Chicago Popular Host To Nominating Conventions

WASHINGTON, D. C. — Spring campaign buttons, and political oratory are bustin' out all over. The two major party conventions this presidential election year loom a few weeks ahead.

The 1952 nominating convales, both at Chicago in July, round out a century of this phase of Democratic - Republican rivalry, observes the National Geographic Society. The November 4 election will be the 25th presidential contest between the two parties. Fourteen winners have been Republicans; ten have been Democrats.

It was in 1854—less than a century ago—that the present Republican Party took form. Two years later it emerged from its first nominating convention as the major threat to the Democrats. But 50 conventions and 25 quadrennial elections are enough for the first hundred years. The 1956 conventions will open a new political century.

Of the 50 whoop-it-up gatherings, 21 have convened in centrally situated Chicago. That is as many as were welcomed by the next six cities combined, Philadelphia had seven, St. Louis five, Cincinnati three, Baltimore, Cleveland, New York, and Kansas City have each staged two. Six other cities have had a single turn with a convention.

Names 12 Winners

Both great national parties have convened in the same city on four previous occasions: Chicago in 1884, 1932, and 1944, and Philadelphia in 1948. In each of these years the November victor was the Democrat.

Once again in 1952, Chicago will nominate both winner and loser. Windy City choices have fared well. Five of seven Chicago-nominated Democrats have been winners. Seven of nine Republicans nominated in Chicago in years when the Democrats convened elsewhere carried the country in November.

In the early years, caucuses of leading citizens named most candidates. The first nominating convention, as Baltimore in 1832, was called at the suggestion of New

So They Say

We felt it wasn't fair to let those nationals stay here and not accept the obligations of other citizens.—Carl Pendleton, chairman of Lakeview, Ore., draft board which resigned after aliens were draft-exempt.

We don't know how the antibiotic drugs work, but we know they cure certain diseases and we use them whether we know their nature or not.—Dr. C. Chester Stock, in an address to the American Cancer Society researchers.

I rely upon the overwhelming power of the United States and the atomic bomb to provide the deterrents during her period of forming a defense.—Winston Churchill.

We do not like the idea of adopting Russian principles, but in this case the pros seem more important than the cons.—Assistant Secretary of State George W. Perkins, talking about Russian restrictions on foreign diplomats.

I am told that he (Lenin's body) is kept in a vacuum, and if you were to take half a brick and smash the glass Lenin would disintegrate. That, I think, applies to the whole Soviet regime.—Fitzroy MacLean, member, British Parliament.

Up in New York (politics are) sort of like a pillow fight. Down here (in Washington) they really sock you.—Newbold Morris.

The state, like its citizens, is living beyond its means.—French Bank Governor Wilfrid Baumgartner.

We distress our friends and are the laughing stock of our enemies.—Former French Premier Paul Reynaud.

I have a picture before my eyes of a new India coming into existence.—India's Prime Minister Nehru at opening of a new fertilizer factory in Sindri.

I am content to have people think I live in a cave and wear horns.—Newspaper chain owner Eleanor McClatchy.

Good Evening . . .

By CLINT DUNATHAN

TOUR CONTINUED — Today's column continues Miss Ruth Adele Drake's account of a trip to Vienna, Austria, in company with a friend, Maryann Bellman.

Miss Drake, daughter of Mrs. F. W. Drake of 616 South Tenth St., is an Escanaba High School graduate and a former school teacher at Manistique, Sault Ste. Marie and Mt. Clemens. For the past two years as a U. S. civil service employee she has been teaching in Bamberg, Germany.

On a tour of Vienna they were shown the sights by Stephen Swift, Hungary-born correspondent for Readers Digest.

"We went to lunch at the Bristol Hotel, operated in part by the Army. At present the dining room is operated by the "Austrians," Miss Drake reports in a letter to her mother. "The food is far superior to some and the hotel is beautiful. Most of the State Department single employees live there now."

GUARDS AND GUNS — "The hotel is across the street from a Russian-occupied building," Miss Drake continued.

"Strange the way things are. One can't walk in front of the Russian building. It's blocked off and guards with machine guns are at the side entrances."

After lunch they took a ride on the street cars—shiny and clean—and Mr. Swift pointed out the palace and the university. The quiet, smooth-running street cars had been made in New York.

NO PICTURES — "We walked in the Russian zone and Mr. Swift warned us not to take pictures."

"We saw Russian soldiers with their frauleins—the same as we see the American boys."

"We saw a co-op store where prices are about five per cent cheaper in the Russian zone and many buy there because of it—ruining their own country. The Russians have not rebuilt as had been done in other zones. Probably that is why things are cheaper there."

The Russian soldiers were stocky and short. Mr. Swift laughingly told the girls they could look at the soldiers—for the soldiers appeared to be just as afraid of them.

STILL NO PICTURES — In their walk the three stepped across the street—out of the Russian zone and into the French zone of Vienna. Swift told the girls they could now take pictures!

But they didn't and later on a walk near the Imperial Palace Miss Drake considered taking a picture of the American and Russian flags floating over the palace in the International Sector.

"But suddenly I decided not to when I saw a big Red Star above a doorway and some Russian guards. Thank goodness I didn't because some American officers were taken in custody by the Russians for questioning because they had taken a picture of something Russian—probably the same type of thing. They got out of it okay."

MEMORY OF MUSIC — Later they had the opportunity to meet an Austrian couple and to visit their home—the former home of Franz Lehar, composer of "The Merry Widow," and still earlier the home of the immortal Mozart.

"They live about 100 yards from the Russian zone. Each day the joke is that they walk to the corner and spit over the border!"

"From the back of their house one sees a lovely garden and the beautiful Blue Danube—which isn't blue—and across is the Rusky zone, where Americans can't go."

The visitors were shown more of the house, including a little chapel off the living room, built in 1873. And in another part of the house they met the aged Gen. Lehar, brother of Franz, who gallantly kissed their hands—"An Austrian general, a very proud man."

At this window, the general told them, Napoleon had stood to watch his men cross the Danube. They stood there, too, looking out beyond the river—to the Russian zone.

And then Miss Drake and Miss Bellman left Vienna to return to Bamberg, taking with them "charms for our charm bracelets" and memories to last a lifetime.

Power With Words

By Dr. C. E. Funk

CAMPAIGN ORATORY

The other evening I turned on the radio in time to catch the last half of a speech by someone running for political office. I didn't catch his name, but fascinated, as always, by southern speech, I continued to listen anyway.

Now here was a man aspiring for high office—governor, no less, of one of the southern states. If elected, his duties would necessarily bring him into frequent contact with cultured men and women, not only in his own state, but elsewhere. Of course, no one would be disturbed over his interesting dialect; he was speaking mainly to the voters in his state. But if he should be as careless in the management of state affairs as in the pronunciation of many everyday words, it would be a sorry day for the citizens if they should elect him.

He was not a "candidate" (CAN-didate) for office; he was a "canmy dit." He had no definite "program" (PRO-gram), nor even a "program"; all he had was a "prog'm." He did not pledge himself to give the people of the state good "government" (GOV-urn-ment), though he did state over and over again that they would have the best "gov-uh-munt" they'd ever known. It would be "ree-DIK-uh-lus" to think otherwise.

The people of the state will "eat high on the hog" if they elect him, he promised.

This expression again aroused my curiosity. Several years ago, when digging into the sources of unusual expressions, I tried to learn or to figure out how this strange saying originated, but had no success. It means to live high, in the lap of luxury. One who "eats high on the hog" just couldn't task for anything more from life. But why, I don't know.

A New York man temporarily lost his voice after his first plane flight. How much would it cost to take the good wide up?

Trenary Students Attend Program On Senior Government

TRENARY—The first annual senior government day for Alger county was held at Munising recently. The theme of the government day was that "Democracy Depends Upon An Enlightened Citizenry."

The following students from Trenary High School took part in the activities at Mather High School—Helen Matekell, Nancy Savola, Joan Whitmarsh, Kathryn Bartol, Maxine Raab, Dolores Hawley, Lila Savola, Shirley Hytinen, Jessie Goodman, Barbara Knauts, Joan Lustick, Eleanor Ford, Mary Orava, and Barbara Webber.

The moderator for the day was Mr. Laurence Taylor of Hillsdale College, and the following resource people took part in the day's exchange of ideas:

D. Hale Brake, State Treasurer; Louis Nims, State Tax Commissioner.

Frank Millard, Attorney-General.

Charles Figy, State Dept. of Agriculture.

William Roe, Asst. Supt. of Public Inst.

James Miller, Michigan State College.

Clarence Paddock, State Tax Commission.

Sgt. Ralph Sheehan, Michigan State Police plus twenty-one Alger county government officials.

The Rockets defeated the Globetrotters, 54 to 53, and the Bandits drubbed the Comets, 63 to 66, in the Trenary High School Intramural League in games played this week. The Rockets will clash with the Bandits Monday night at the school gymnasium.

The Trenary High School has been admitted to the Accredited List of the University of Michigan for the year 1952-1953. This is the 29th consecutive year that Trenary has been accredited, having been on the list continuously since 1923, at which time it became a Rural Agricultural High School.

War Relics Go Back In Lansing Rotunda

LANSING—(AP)—Republican officialdom won its point over Dr. Robert F. Steadman, the Democratic state controller, and Michigan's war relics will be restored to the capitol rotunda.

The state administrative board, prodded by a legislative resolution, has directed Steadman to remove the "educational" exhibits which various state agencies placed in the rotunda at Steadman's invitation, displacing relics of past wars and pioneer days.

EDWARD D. HAMILTON of Oshkosh, vice president of the Wisconsin Postal History Society and a former president of the Wisconsin Federation of stamp clubs, will display items from his postal history collections at the annual meeting of the Escanaba Philatelic Society this evening. Hamilton's display will concern early postal history of the United States and Great Britain and will include a number of the "penny blacks."

Council Bluffs Pair Married In Flood

COUNCIL BLUFFS, Ia. — (AP)—While the wild Missouri snarled, an 18-year-old couple repeated their marriage vows.

The bridegroom, James Croghan, Jr., was tired from duty with the emergency crews fighting the turbulent river's greatest flood crest.

The bride, Wanda Delores Edie, wore a blue plaid raincoat, muddy shoes and anklets.

They were married Friday by municipal court Judge Andy Neilson in his office which was decorated with a withered potted plant for the occasion.

They had to call city clerk John Stouffer off the levees, where he was carrying sandbags, to issue the marriage license. Judge Neilson was called away from special duty at the city hall to perform the ceremony.

After the flood is past, the young couple plan a trip to Denver, Colo. Meanwhile they are living at the home of Stouffer's uncle, James Sullivan, here.

DANGEROUS SPEED

Experts agree that the most dangerous speed for a blowout is between 45 and 60 miles an hour.

At higher speed, the centrifugal force holds the tire up somewhat.

Mount Lassen, in California, which erupted in 1914, is the only volcano active in the United States in recent years.

Delta Students Honored By MSC

A total of 402 scholarships have been awarded to high school graduates from 76 Michigan counties by Michigan State College, according to J. Robert Stewart, M.S.C. scholarship director.

The awards, which become effective in fall term, 1952, were made on the basis of scholarship and leadership and citizenship qualities displayed in high school, Stewart said.

The scholarships cover tuition fees of recipients. They are awarded for one year, but may be renewed for four years if the student maintains a satisfactory scholastic average.

Scholarship winners, listed by cities within the county classification, are as follows (if the high school has the same name as the city, the city is not listed):

ALGER—Justine M. Pawlowski, Mather high school, Munising.

CHIPPEWA—Elizabeth A. Fountain, Pickford high school; and Walter L. Brumwell, Sault Ste. Marie high school.

DELTA—Gerald E. Gardiner, Escanaba high school; William J. Pintel, St. Joseph high school, Escanaba; and Roger E. Beauchamp, Gladstone high school.

DICKINSON—Hubert J. Mortensen, Iron Mountain high school.

HOUGHTON—Terry W. Langdon, Chassel high school; and Karl F. Jackson, Calumet high school.

IRON—Stanley L. Holme, Stambaugh high school; and Warren D. Wirtanen, Crystal Falls high school.

MACKINAC—Robert L. Defer, Cedarville high school.

MARQUETTE—Rhea J. Rautio, Negaunee high school; Daphne E. Jacques, Gravaet high school, Marquette; and Joseph S. Levandoski, Gwinn high school.

MEMORINEE—Janet E. Good, Bark River-Harris high school; Marjann E. Crandall Stephenson, high school; and Paula L. Worth, Menominee high school.

ONTONOGAN—Carroll R. Fencil, Ewen high school; and Lois E. Grant, Bergland high school.

Pastor Gets Warm Welcome With Fire

BELVIDERE, Ill. — (AP)—Rev. S. L. Buchanan, new pastor of the First Baptist church, figures a fire in the church is too much of a warm welcome.

A serious fire was averted by a passerby who noticed smoke coming from the building. Firemen put out the blaze that started in the coal bin.

The Rev. Buchanan was installed as pastor the following Sunday.

THOSE IN UNIFORM

FORD MEADE, Md.—Pvt. Gerald E. Robitaille, son of Mr. and Mrs. Emil Robitaille, 213 Stephenson Ave., Escanaba, Mich., is on leave after completing basic training at the Medical Replacement Training Center here. He is assigned to Percy Jones Army Hospital, Battle Creek, Mich.

James S. Thompson, son of Mrs. J. H. Thompson of 2421 Lake Shore Dr., Escanaba, Mich., is now undergoing training at the Marine Corps Recruit Depot, San Diego, Calif.

During the eight-week "Boot Camp", Private Thompson will become well versed in such basic military subjects as precision drill, first aid, Marine Corps history and mission and field tactics.

Pvt. Thompson was inducted in the Marine Corps at Chicago, Ill. recently. Thompson's wife, the former Virginia F. Love, resides at Brock, Nebr.

Wayne J. Petersen, son of Mr. and Mrs. Wesley Petersen, of 918 S. 13th St., Escanaba, Mich., is now undergoing training at the Marine Corps Recruit Depot, San Diego, Calif.

HEAVY DAMAGE

An average of 40,000 fires, causing an estimated \$50,000,000 damage, occur in stores and store buildings of the United States annually.

IN THE 1952

Mobilgas Economy Run

New Ford Mileage Maker SIX Thriftiest in its Field!

Again this year . . . as in the past two years . . . Ford was first in gas economy over all other cars in its price class in the Mobilgas Economy Run. In this toughest test, a stock model Ford Six equipped with Overdrive (optional at extra cost) averaged 53.855 ton-miles per gallon and 25.463 actual miles per gallon.

This was a very special triumph for Ford's All-New Mileage Maker high-compression Six. For now, with its new design providing 101-horsepower and free-turning overhead valves, Ford is definitely pound-for-pound the most economical low-priced car to run! Yes . . . Ford's thrift was clearly proved by the 1,415-mile grind from Los Angeles to Sun Valley. And a very important factor contributing to this victory is Ford's Automatic Power Pilot which squeezes the last ounce of power out of every drop of gas.

*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chances for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons consumed.

"Test Drive" the Economy Winner Today!

Smelt Spawning Runs Reported

The smelt are running! And how!

Conservation Officer Hugh J. Fisher of Nahma reported that the silvery horde began migrating in earnest up Valentine creek, east of Nahma, at 10 Saturday night. Heavy catches also were reported Sunday night.

"The creek was just choked with them," said Officer Fisher. "The fishermen were getting from 20 to 30 smelt with each scoop of the dipnet."

Officer Fisher reported a smaller spawning run on the Sturgeon river, which runs right through Nahma.

Catches of five and six smelt with each dip of the net were made by fishermen at the Sturgeon river, which presented a colorful sight with its bonfires and crowd of men, women and children lining its banks. Dipping conditions are better in Nahma. Platforms have been erected along the banks of the Sturgeon, and the stream is easily accessible. On the other hand, the mouth of Valentine creek is located in a swampy area, where tractors, pulling their trailer loads of smelt, experience difficulty in getting out to the main highway.

Only males or milkers were running Saturday night. The always larger run of females or spawners is expected by next weekend when Nahma will stage its annual Nahma Fishing Festival.

Smelt runs are also expected to start during this week on the Escanaba, Ford, Days, Taconish and other streams in the Escanaba-Nahma area.

William Rogers, Nahma commercial fisherman, has opened a plant in Nahma for cleaning and packing smelt for the B. A. Griffin Company of Milwaukee, Wis., and Barnstable, Mass. Griffin is trucking the smelt to freezer plants at Hermansville, Menominee and Hancock, Michigan, before distribution to national food chains. The firm will buy upwards of 1,500,000 pounds of smelt in the Upper Michigan region.

Packing of the Whitey smelt-base catfood, produced by Jack Whitney, Escanaba milk rancher, will start this week at the Coleman Canning Company plant in Gladstone, Michigan. More than a million cans will be packed.

Production of smelt for the many milk ranches in the Escanaba area also will get under way this week.

UNDER THE GUN — Guarded by an armed civilian, typical of those who brought off the recent revolution in Bolivia, Herman Siles Suazo, leader of the rebels, works at his desk at La Paz. He recalled exiled President Victor Paz Estenssoro, who told Bolivians he will nationalize the country's tin industry.

Grand Jury Inquiry Asked On Michigan Subversive Activity

DETROIT—Presiding Circuit Judge Ira Jayne called a meeting of the Wayne county circuit court panel today to consider a petition filed here this morning by Attorney General Frank G. Millard for a grand jury probe of reported subversive activities in Michigan.

The session was set for 3 p. m. (EST). Millard's petition alleged that there is reason to believe certain persons have been guilty of treason, advocating the overthrow of the government by force, violating criminal syndicalism laws and laws against subversion.

His move came after Robert A. Carter of Flint, regional director of the CIO United Auto Workers, asked that Millard publicize results of a recent investigation into activities of UAW Buick Local 599 at Flint.

Carter said he hoped the report would not be delayed "until election time."

Before filing his petition, the attorney general answered Carter with a statement that a report on the investigation was being prepared, but that the 1950 state law establishing the State Police subversives squad probably would prevent publicizing of parts of it.

Steel stocks—U. S. Steel, Bethlehem, Republic and Youngstown—gained fractions as the steel dispute headed for a showdown.

There were reports from Washington that the government might be considering price relief of around \$5 a ton for the steel producers. It was an encouraging sign albeit it was well below the \$12 they sought.

Steel Administrator Sawyer indicated, however, he would impose a wage boost on the industry if there wasn't an agreement within the next day or so.

Many traders were cautious in the face of the steel situation but as the session progressed the market became firmer.

Among the advances of around a point at times were Northern Pacific, Southern Railway, Santa Fe, Union Pacific and Standard Oil (NJ).

Other advances included General Motors, Studebaker, Boeing Aircraft, Zenith Radio, American Telephone, Anaconda, Kennecott, Allied Chemical, General Electric, American Woolen and American Can.

The losers included Case, Dome Mining, McIntyre, Public Service, Electric and Gas and U. S. Gypsum.

A Cheer For Ruth Millett

By ROBERT C. RUARK

NEW YORK—There is an exceptionally intelligent lady name of Ruth Millett who tills the soil for our paper, and I wish to nominate her for the Lady-of-the-Year award. She has recently pronounced a powerful piece of prose that will make her no enemies among the males of this female-battered nation.

Miss Millett broods considerably about the number of widows she sees around and about, and suggests strongly that a smart woman will start right in to take care of her old man before it is too late and she is trying on that black crepe bonnet for keeps.

This exceptionally brilliant lady says that wives should worry about their husbands' health. They should take special care with their meals. They should cooperate with him to save for days to come, so the poor bun won't beat his brains out in the trade marts.

"She should limit her material wants," says Miss Millett, "instead of pushing him to make more and more down payments on more and more things. She can shoulder most homemaking problems herself, instead of unloading them on him each night. She can encourage him to find a relaxing hobby." And so on.

A Subtle Threat

This is to serve a little notice around here that unless this kind and brilliant lady's advice—which is pinned onto the connubial checkbook in order to insure reading—is followed to the letter, I am just going to pine away and may eventually die to prove a point.

Widowhood is not a desirable state, especially for the older girls who are neither so narrow in the beam nor so nimble of foot as they used to be. The manfolk are getting tougher to slip a noose on, and even the bright-eyed young sprigs have trouble with the lasso.

In case anybody in this house is interested, widowhood brings a sharp curtailment of many things, such as charming companionship, comfort in crises with the cook and the hairdresser, and the presence of a kind, industrious, thoughtful male around the lodge to provide pretties for deserving

wives who refrain from warming their cold feet on father's spinal column.

I ain't naming any names, but some wives are luckier than other wives, because some wives aren't allowed to handle the finances and walk the dogs and generally rule the roost. Some wives have husbands who gamble away their substance, and stay out all night rioting around with sick friends, and who play the horses and drink that nasty old whisky to excess. Some wives have husbands who complain bitterly about no buttons on shirts and the anemic condition of the coffee and the steepness of the grocery bill and the tilt of the tab at the dressmaker's.

Husband A Delicate Machine

There are some wives who have rude husbands, who criticize their hats and quarrel with their relatives and who bury their noses in newspapers and just grunt when spoken to. I have even heard of wives who have husbands who beat them up occasionally, but am prone to doubt this, having never seen any man with courage enough to take a sock at a woman.

There are some wives who complain all the time about not getting the new drapes or the new car or the trip to Europe. They do not realize that a husband is such a delicate mechanism that the slightest extra stress on his nervous system can send him into sick bay, perchance to emerge on a slab with a calla lily in his clutch.

There are some wives who nag and complain and ask questions about things which are none of their business, such as why did you pay so much attention to that little blonde hussy at the party? There are some wives who never have anything to wear, despite a shopping trip that lasts from May to December.

These are very stupid wives, because they are digging their husbands' graves with their thoughtlessness, and, in so doing, insuring their own lengthy span as lone, lone widows.

Again, I will name no names, but unless there is a sharp upturn of interest in and concern for papa's health, comfort and happiness, I cannot be held responsible for the consequences. I already feel a little faint, due to Miss Millett's article, and may not make it until payday, at which time the insurance premium comes due.

Juniors At Rapid River Will Present Three Act Comedy

RAPID RIVER—The Rapid River Junior Class, under the direction of Robert Olsen, will present a three act play "Act Your Age" in the near future. The plot centers around the troubles of two teen-age girls of 14. They pretend to be 18 and become engaged to two sailors through the mail.

The cast is as follows: Angelica Goetz—Jean Boyer. Geraldine Joyce—Mary Wolfe. Cora—Ann Thomas. Archibald Hoffenfluger—Gerald Williamson.

James Mattson—Victor Zar. Helga—Claire Shaffer. Sandra Stone—Patsy Goodman. Western Union Messenger—Ruth Murchie.

Commander Stone—Clarence Weiks. The committees and workers are as follows:

Costume chairman, Dolores Lind, assisted by Helen Majestic, Molly Stenac, Mary Wolfe. Make Up, chairman, Eovoyne Lancour, assisted by Nancy Mosier and Viola Dillabough.

Prompters, Dolores Lind and Molly Stenac.

Posters, Claire Shaffer, chairman, assisted by Lorraine Karasti and Patricia Wills.

Furniture—Ann Thomas, chair-

man, assisted by all the town girls.

Advertising—Jean Boyer, chairman, assisted by Patsy Goodman and Dolores Lind.

Props, Leon Johnson, Wayne Johnson, Larry Lundin, Donald Seymour, William Weiks, Gerald Williamson and Victor Zar.

Briefs

Mrs. Louis Thibault and granddaughter, Mary Miller, left Wednesday evening for Detroit, called there by the death of J. Eberts, father-in-law of Mrs. C. J. Eberts, daughter of Mrs. Thibault.

Mr. and Mrs. Delbert Mosier are visiting in Detroit. The Mosier children are staying at the Al Paul home.

Booster Club Social

St. Charles Booster Club is sponsoring a social Sunday evening at the parish hall. Lunch will be served by the St. Theresa and St. Catharine Circles.

Service Guild Party

The Service Guild of the Calvary Lutheran Church will hold a party with Mrs. Hildur Olson in charge, Tuesday at 8 p. m. at the home of Mrs. George Wilbee. Any-

Hermansville Honor Roll For Period Announced

HERMANVILLE—The Hermansville High School honor roll for the second six weeks period of the second semester is as follows:

Seventh grade—Marlene Christian, Robert Fabry, Kenneth Fish, Joyce Lickman, Karen Maga, Patricia Marcoe, Russell Schultz, Robert Whitens.

Eighth grade—Lone Allen, Elaine Callaro, Ruth Carron, Sue Doran, William Duca, Kenneth Sundman,

one interested in attending is cordially invited.

Royal Neighbors

The Royal Neighbors will hold a regular meeting Tuesday at 8 p. m. at the home of Mrs. Raymond Callahan.

Meeting Postponed

There will be no meeting of St. Ann's Altar Society until May.

Yvonne Fabry, Marjorie Gurgah, Karen Lacasse, Rita LaRoche, Eloise Olson, Linda Polazzo, Lois St. Juliana.

Ninth grade—Betty Bellmore, Helen Koehn, Lloyd Lacasse, Martha LaCoursier, Sally Sue Schultz.

Tenth grade—Phyllis Anderson, Betty Carron, William Daniels, Maxine Fletcher, Dorothy Gurgah, Carole LaRoche, James Lombard, Bob Menard, John St. Juliana, Donna Olson, George Schultz, Eugene Whitens.

Eleventh grade—Donna Davis, Marilyn Farley, Joe Florey, Barbara Johnson, Beverly LaCoursier, Loren Poquette, Barbara Rodman, Dorothy Stockero, David Whitens, Madonna Williams.

Twelfth grade—Mary Ann Bellmore, Wayne LaRoche, Eva Maga,

Delores Paquin, Dorothy Rodman, Mary Lou Simonick, George To-mast.

Production of 3,236,000 cases of canned fish in 1950 was the lowest in Alaska since 1921.

FOREST FIRE TOWERMEN are now at their observation posts as the forest fire season arrives. This year for the first time all primary towermen will have two-way portable radios. Note the equipment set on the back of the lookout climbing the tower ladder.

Fishing Season Opens April 26

LANSING — The most liberal fishing season kickoff in years, April 26-27, likely will draw about 300-400,000 fans or as many as a third of the 1,200,000 some licensed anglers who will wet a line before 1952 ends.

The conservation department anticipates fewer trout fishermen, 40,000, but more general season and other anglers, 260,000 or more, as compared to last year. An estimated total of 250-300,000 trout and non-trout fishermen celebrated separate openings in April and June in 1951.

Streams Are High
First joint opening of trout and general seasons and probability of high and roily streams will tend to lessen trout stream fishing pressure, increase army of pan fish and pike fishermen on lakes. Many southern Michigan sportsmen will bypass both northern lake and stream angling to get a mess of bluegills close to home. Some persons will be joining the fishing force for the first time, as customary each year.

Many of the spring spawning runs up rivers and creeks from the Great Lakes may be at their peaks about the same time. Last season top smelt and perch runs were underway between April 19 and 20 in the lower peninsula and between April 25 and May 7 in the upper peninsula.

Bass Season June 21
Every fish found in Michigan except black bass can be taken and about all inland lakes, streams, rivers and creeks and Great Lakes and connecting waters will be legal fishing territory by April 26. Walleye fishing on the Great Lakes must await May 21. The black bass fan will have to cool his heels until June 21.

In the seven day longer trout season this year, there is one major creel change. Number of brook, brown and rainbow per day or in possession is cut from 15 to 10 when taken from streams, continues at first from lakes, but in no case may the creel contain more than 10 pounds and one trout. Regular seven-inch minimum size limit applies except for marked portions of the Au Sable's North and South branches and the Pine river where a 40-inch is the smallest "keeper."

High, Fast Waters Likely This Week

LANSING—High and fast moving water still appears to be in prospect for the April 26-27 opening weekend of trout season, the conservation department reported.

U. S. Geological Survey check readings show a stream flow range as follows: one-quarter faster discharge than last year on the Big Sable near Free Soil to a five times more speedy flow on the East branch of Au Gres. Temperatures vary from two to as much as five degrees colder on state trout streams.

Sandy backroads are in fair shape now and the other roads and trails could get into fair shape if the wind and sun goes to work on them.

Critical Broadcaster Is Barred For Views

KUALA LUMPUR, Malaya — (AP)—The bearded broadcaster who has been described as the government's "official gadfly" is about to lose his job as chief news editor of the government-controlled Radio-Malaya.

He is Alex Josey, who was barred from the air several months ago because some of the members of the Federal Legislative Council didn't like his socialist views on nationalizing rubber and stinging criticism of government mistakes. Acting Chief Secretary D. C. Waterston announced in the legislative council recently that Josey's government contract would not be renewed.

Extremely High Fire Hazard Is Reported

An extremely high fire hazard has been reported by the Michigan Department of Conservation and the U. S. Forest Service.

Warm weather and high winds have combined to raise the fire hazard to dangerous proportions. All fire towers are being manned except in a very few areas where high water in the swamps have barred access to the tower, the Forest Service has reported. All fire towers operated by the Conservation Department are manned.

No burning is being permitted except by permit. Permits are issued by the Conservation Department only for burning after six o'clock in the evening. At least four arrests have been made in recent days for burning without a permit.

A permit fire requires constant supervisions and sufficient personnel on hand to prevent the fire from getting out of control. If a fire should get out on control, the

person to whom the permit has been issued can be arrested and fined for violating the regulations. In all such cases, as well as cases where fires started without a permit require assistance, costs of suppression may be assessed against the person who started the fire.

Anyone travelling in wooded areas is advised to be extremely careful with matches and with cigarettes. The swamp areas are wet but the plains and high ground regions are very dry. Dry leaves and grass touched off with a match or a burning cigarette can spread so quickly in a high wind that an entire forest area may be wiped out before a fire fighting crew can bring the flames under control.

The largest fire reported last week burned over 35 acres on the Gladstone Bluff.

Improper Fills Might 'Smother' Home Site Trees

When you new home nears completion, make sure the final grading operations are no threat to the existing trees on your property. Such is the warning sounded by J. M. Benson, field representative of the Davey Tree Expert Co.

Like most other living things, trees can be smothered by lack of air to roots. And careless grading is one of the major reasons many fine specimens are lost, according to the authority. Not all fills spread over the roots of established trees are detrimental. Some, as when roots are exposed, may even be beneficial. But, above all, it pays the home owner to check on the kind of fill used.

Mature trees may succumb to as little as three or four inches of clay soil, which impacts easily and prevents air and moisture from reaching roots. On the other hand, a shallow dressing of sand loam

top soil will do no harm and frequently will be helpful. Left for only a few weeks, even a temporary fill of clay can do serious damage.

In many instances, the home site is selected because it boasts one

or more beautiful mature trees. Yet these are more susceptible to environmental changes than younger ones.

In the case where a heavy top fill is absolutely necessary, a mature tree can be saved by a speci-

al aeration system. The need for and technical aspects of such an installation can best be explained by a qualified landscape architect or tree expert.

Matches Illegal In Canadian Forests

People used to the freedom of outdoor use in Michigan must adapt themselves to the Canadian course of conduct should they travel north of the border during the coming summer.

People planning canoe trips over any of the multiplicity of waters of the Canadian Quetico Forest are warned that they cannot take a dog or a gun along.

The Ontario Department of Lands and Forests has just announced that during the summer, work and travel permits will be necessary in the forest areas as well as burning permits.

The announcements adds: "Woods operators will prohibit the sale or use of 'tailor-made' cigarettes on all operations. Lighters will replace matches completely. The operators will provide facilities for conveniently refilling lighters."

Two-Mile Power Span Is Near Completion

KASLO, B. C. — (AP)—A 10,650-foot power span across Kootenay Lake, believed the longest of its type in the world, will soon be finished.

Power lines carrying 170,000 volts from a hydroelectric plant at South Slokan to the Consolidated Mining and Smelting Co. at Kimberley will run from a 366-foot tower on the east side of the lake.

rainbow and 54 had trouble choosing the brook trout.

Gladstone — Ensign

Jean A. Bauerle, Reino Niemi Wed At Gladstone

In an evening service held Saturday, April 19, at 7, Miss Jean Ann Bauerle, daughter of Mr. and Mrs. Roy Bauerle, Rapid River, was united in marriage with Reino Niemi, son of the John Niemis of Trenary. Their vows, which were spoken before the flower decked altar of St. Paul's Lutheran Church of Gladstone, were solemnized by the Rev. Theophil H. Hoffmann, pastor.

The bride wore a ballerina length gown of white nylon net over white taffeta. Her finger ring veil was of white nylon. White orchids formed her corsage. The maid of honor, Thelma Bauerle, a sister of the bride, wore an identical gown of pink. Pink and blue carnations formed her corsage.

A brother of the bridegroom, Eino Niemi, served as best man. Mrs. Bauerle chose a dress of black and yellow chiffon print and a corsage of yellow roses for her daughter's wedding. The bridegroom's mother wore a blue and white dress with a red rose corsage.

Immediately following the ceremony, a reception was given in the Trenary town hall. Approximately 200 guests attended.

After an extended wedding trip to Detroit and into Canada, the newlyweds will make their home in Trenary.

Although they are both 1951 graduates of Trenary high school, the bride attended school in Wyandotte before moving to Rapid River.

Out-of-town guests included the following: Mr. and Mrs. Arthur Niemi, Negaunee; Elwood Bauerle, Lincoln Park, Mich.; Marlin Bauerle, Miss Thelma Bauerle, Mrs. Dewey Bayer and Mrs. Theodore Granger and children, Wyandotte, Mich.

ENGAGED—Mr. and Mrs. John Flath of Ford River announce the engagement of their daughter, Nancy LaVerne, to Sivier Louis Joost Jr., son of the senior Sivier Joosts of West Allis, Wis. The wedding date has not been set. (Portrait by Millie)

AS WE LIVE

Beaten Wife Should Try Effect of Separation

By Elizabeth B. Hurlock, Ph.D.

(Q) "I am 32 years old and have been married 12 years. My husband says he loves me but he beats me. If I do something he doesn't want me to do, he gets in a high temper. Then he says he is sorry. I forgive him but it happens again. We have no children and I work. I don't know whether I love him or not any more. Should I break up or not? After so many years, do you think he will change?"—Mrs. T. W.

(A) A leopard never changes his spots, so the old saying goes, and neither do people change their personalities. After a person has reached maturity, his personality is pretty well set for life. Any change that may take place is to intensify the traits already present.

As for breaking up your marriage after 12 years, that is a pretty serious step to consider. Would it not be better to try a separation and see what that will do to bring about improvements in your relationships with your husband?

So long as a person is willing to take any kind of treatment there is not likely to be a change. But if your husband sees that you will no longer tolerate his mistreatment, he may try to mend his ways.

Since you have no children to consider, and since you are working, it will be easy for you to try a separation. Let your husband know plainly why you are leaving him and also that you are willing to return when you have his promise for better treatment.

When a person has a violent temper which he has never learned to control, he has a hard job on his hands learning that control when he is a mature man. You must expect him to fly into fits of rage occasionally, even if he has given you his solemn promise that he will not.

However, there is no excuse whatever for him to take his rage out on you. No man has a right to beat or even to strike a woman. Let him know that his mistreatments of you is killing your love for him. He must decide whether your love is worth trying to save.

If you have a personal problem, write Elizabeth Hurlock in care of this newspaper.

Church Events

Men's Club Meeting
The Men's Club of Central Methodist Church will meet at 7:30 tonight at the church. A travel film in color on the state of Arizona will be shown. Harry Gauffin and Leonard Nelson are the hosts.

Central Choirs to Practice
The Junior Choir of Central Methodist Church will meet for practice at 4 p. m. Tuesday. The Adult Choir meets Wednesday at 7 p. m.

Keep your pressure cooker clean! Whenever you wash it make sure that the vent tube is clear, by using a pipe cleaner in it. Wipe the inside of the cover of the cooker, but do not immerse it in water.

Miss Barbara Walch, a junior at the University of Wisconsin, has arrived from Madison to spend the spring vacation at the home of her parents, Dr. and Mrs. John J. Walch, 709 5th Ave. S. She will be home a week.

Mr. and Mrs. George Champ-ley, 1028 S. 19th St., spent the weekend in Marinette with Mr. Champley's brother and sister-in-law, Mr. and Mrs. James Champ-ley.

Mrs. John Ott, 808 S. 13th St., and daughter, Susan, will leave tomorrow morning for Erlanger, Kentucky, where they will visit with Mrs. Ott's mother, Mrs. Charles McKinley, and with her sister, Mrs. Logan Daugherty. They will also spend some time in Cincinnati.

Mr. and Mrs. Gerald Deloria and Mrs. Bertha Hampel of Marquette spent the weekend in Escanaba and Ford River visiting with relatives and friends.

Mrs. Esther Griffith, 524 N. 20th St., and daughter, Nancy Jean, left Saturday for Chicago and Great Lakes, Ill., where they will visit for a few days.

Mr. and Mrs. O. V. Thatcher, 618 Lake Shore Drive returned Saturday afternoon from Rochester, Minn., where Mr. Thatcher was a surgical patient in the Colonial Hospital.

Mr. and Mrs. Paul W. Snyder, 2323 Ludington St., have left for Chicago, where they will spend a few days. They are expected to return Wednesday.

Miss Joyce Bolger, daughter of Mr. and Mrs. John Bolger, Lake Shore Road, has returned to Milwaukee, where she is employed after visiting over the weekend with her parents and attending the Escanaba Senior high school senior ball as a guest of Tom Fisher, son of Mr. and Mrs. Claude Fisher, 812 4th Ave. S.

John Whitney, who is a student at Michigan College of Mining and Technology in Houghton, spent the weekend at the home of his parents Mr. and Mrs. Joe Whitney, Soo Hill.

Dr. M. L. Sullivan, 330 S. 12th St., has left for Detroit, where she will attend the week-long convention of the Michigan State Dental Society.

Mrs. Kryn Bloom, 1023 8th Ave. S., has returned from a visit with friends and relatives in Chicago and Downers Grove.

Mr. and Mrs. Arthur L'Heureux, 611 S. 15th St., have left for Los Angeles, where they will spend a month visiting with their daughter and son-in-law, Mr. and Mrs. William King.

Mrs. Katherine Svoboda, Chicago, and Catherine Granlund, Riverside, Ill. have returned to their homes after visiting at the home of Mr. and Mrs. S. L. Newman, 1412 10th Ave. S.

Edward Frana of Milwaukee has returned to his home after visiting at the home of Mr. and Mrs. Ray Crandall, 616 S. 10th St.

Mr. and Mrs. Hugh Gartland, 1811 13th Ave. N., and son, Kenneth, have returned to their home after visiting in Milwaukee with Mr. and Mrs. Ralph McGeary. Mrs. McGeary is the former Darlene Ann Gartland.

Mr. and Mrs. Leo Moreau, 1515 N. 18th St., visited recently in Chicago with Mr. and Mrs. Ernest Johnson.

Mr. and Mrs. Allan Mathison, 316 S. 15th St., have returned from Detroit, where Mr. Mathison attended the M. E. A. convention.

Mr. and Mrs. Oren King and Charles and Judy of St. Ignace spent the weekend here with Mrs. King's mother, Mrs. Charles H. Bisdie.

Axel Anderson Jr., 316 N. 11th St., is a patient at St. Francis Hospital where he is being treated for a foot infection.

GUEST SOLOIST—Miss Nadine Eisner, soprano soloist with the Lawrence Choral at Lawrence College, Appleton, Wis., where she is a senior student, will be a guest soloist at the annual spring concert of the Orpheus Choral Club Tuesday evening at William W. Oliver Memorial Auditorium. Miss Eisner who is arriving today from Appleton will be a guest at the Nyal H. Whitman home during her stay in Escanaba.

Today's Recipes

Pineapple-Banana Sherbet

Ingredients: 4 eggs, 1 cup beet or cane sugar, 3 tablespoons lemon juice, 1/2 cup crushed drained pineapple, 1/2 cup (1 1/2 medium) mashed ripe bananas, 3/4 cup heavy cream (whipped).

Method: In mixing bowl, beat egg yolks until thick and lemon colored; gradually add sugar, then lemon juice, continuing to beat until ingredients are blended. Cook in top of double boiler over boiling water until mixture starts to bubble slightly around the edges (about 12 minutes), stirring often to prevent scorching. Remove from hot water; cool; stir in pineapple and bananas. Fold in whipped cream and stiffly beaten egg whites; pour into two refrigerator trays; freeze at lowest temperature 2 to 3 hours. Makes 10 to 12 servings.

Apple Rings

Ingredients: 2 large Rome Beauty apples (about 1 pound), 2 tablespoons butter or margarine, dash of salt, 2 tablespoons sugar, 2 tablespoons water.

Method: Wash and dry apples; core without peeling. Slice each apple into 4 rings, removing some of peel from top of end slices. In 10-inch skillet put butter, salt, sugar, and 1 tablespoon of the water; stir over low heat until butter is melted and sugar is dissolved. Add apple rings, putting one or two rings on top of other slices if necessary. Cook about 5 minutes, until partly tender. With wide spatula turn rings, putting rings that were on top on bottom. Sprinkle remaining tablespoons of water around pan, cover tightly, and cook about 5 minutes more or until rings are tender but not mushy. Remove apple rings to serving plate, increase heat to moderate and cook uncovered a few seconds until syrup in pan is reduced about one-half. Pour remaining tablespoon or two of syrup over apple rings. Serve at once. Makes 4 servings.

Brownies And Girl Scouts Hold First Easter Egg Hunt

About 145 Brownies, Girl Scouts and their leaders met Saturday afternoon for an egg hunt at the west end of Ludington park. At a given signal they raced to hunt brightly colored eggs which were hidden in the Bonifas property.

Donna Martinson found the prized "golden egg" wrapped in gold paper.

After the eggs had been found and counted they were divided among the girls and each girl received a chocolate candy egg and a bottle of pop.

An annual affair may be made of the Easter egg hunt due to the success of the first one. Mrs. Fred Sensiba was in charge of arrangements.

Social-Club

Escanaba Job's Daughters

The Escanaba Job's Daughters, Bethel No. 9, will hold a special meeting tonight at 7 at the Masonic Temple for initiation. Grand Guardian Mrs. Pearl Chubb of Marquette, will visit the Bethel. Those to be initiated are asked to be there at 7:30.

Lutheran Ladies' Aid

The Ladies' Aid of the Salem Evangelical Lutheran Church will hold a regular meeting Wednesday, April 23, at 2:30 at the church. Hostesses will be Mrs. Ray Polzin, Mrs. Fred Rudinger, Mrs. William Schmelter and Mrs. Elair Vanlerberghe.

Skill Jill's Meeting

The Skill Jill's Home Economics Club will meet Tuesday evening, April 22, at the home of Mrs. William Beyersdorf. The lesson entitled "Oven and Broiler Meals" will be given.

No Club Meeting

There will be no meeting of the Escanaba Business and Professional Woman's Club Tuesday evening. The next meeting will be May 6 at the Sherman Hotel.

SPEAKS VOWS—Mrs. Robert Louis Stone, before her marriage at St. Joseph's Church in Escanaba, was Eileen May Corbiel. The bride is a daughter of Mr. and Mrs. Lawrence Corbiel, Gladstone Route 1. (Portrait by Millie)

Here's a new pastry trick when you're making custard pie: Roll out regular pastry but do not fit into pie plate. Sprinkle with one-third cup fine graham cracker crumbs and roll lightly onto the crust. Now place pastry in pie plate, putting the crumb side down. Pour the custard mixture in and bake in a hot oven about 25 to 30 minutes.

What a world of pleasure I was missing—radio, movies, television, music, sports, social gatherings—all the delights that must be heard to be fully enjoyed! But, no more! I've found an amazing new way to hear again with startling clarity. It's a genuine miracle of modern science—wonderfully clear—yet nobody ever notices I'm deaf, thanks to the Beltone Phonomold—a tiny, transparent invention that's the next thing to invisible. Learn how you, too, may hear again—enjoy life as never before. Phone, come in or mail coupon today for informative, new FREE BOOK.

VFW Auxiliary—The V. F. W. Auxiliary will hold a social meeting tonight at 8 o'clock in the club rooms. Pot luck lunch will be served. All members are urged to be present.

City Briefs

Dr. and Mrs. T. R. Southard, 342 Lake St., left Saturday for Detroit, where Dr. Southard will attend a state dental meeting.

Mrs. Kenneth Swanson, 930 Deer St., has been admitted as a surgical patient at the Schoolcraft Memorial Hospital.

Mrs. W. F. Kefauver and Mrs. W. J. Bruley have left for Winnetka, Ill., where they will spend some time.

Mr. and Mrs. Carl Olson and daughter, Janet, 365 Lake St., returned Saturday from Detroit where they attended the MEA Centennial.

Rev. and Mrs. Edgar M. Smith and children, N. Cedar St., returned Wednesday evening after spending a few days in Midland visiting Mrs. Smith's parents.

Mrs. Joseph New, 163 N. Cedar St., has left for Detroit where she will spend about a week visiting her daughters.

Mrs. George A. Shaw, Range St., has left for Allegan where she will enter an Allegan hospital.

When Khartoum, in the Sudan, had an eclipse in February, 1952, many of the inhabitants misunderstood warnings that tlong observation of the eclipse might hurt their eyes and spent the day in darkness.

Financing Million Dollar Deal Back in 1912 Was Not Complicated Matter

By W. S. CROWE

A snap shot of the financial background and money conditions prevailing in 1912 will explain how we were able to close a deal which would be impossible today. The Federal Government in those days took no notice of or interest in private business (except for the uniform reports required from railroads and public utilities by the Interstate Commerce Commission). There was no Securities Commission and no income, sales, social security, inheritance or unemployment taxes. The Federal Reserve System had not been organized and country banks kept their reserves with big banks in the "Reserve Cities", New York, Chicago et al. Gold was in common circulation. Banks in towns like Manistique, paying 3% on saving deposits, whose industries had passed the borrowing stage, had to go outside for loans or let the money lie idle.

Much Venture Capital
There was no lack of "venture capital". Business men and large depositors were looking for investments, but could stay out if they didn't like the investment. (There is even more "venture capital" today, but it is the public's money "ventured" by government bureaus, and the individual has no choice. He is "in" whether he likes it or not.)

This was before the era when country banks began to invest heavily in corporation bonds, with which they were more or less unfamiliar at that time. Note brokers like A. G. Becker and Co., W. T. Richards, sold notes of Swift & Co., Marshall Field, Pillsbury, et al., in \$5,000.00 and \$10,000.00 denominations to country banks. For years the First National Bank of Manistique loaned \$40,000.00 to \$50,000.00 to wool growers, lumbermen and merchants in Union and Walloow Counties, Oregon, where there were more borrowers than lenders. We only took surplus lines from the Oregon banks and had them checked by my brother, S. D. Crowe, who operated the Telephone Co. servicing those counties. They paid 8% on those loans, never asked for renewals and we never lost a cent on them, but it would be illegal business today.

Michigan and Wisconsin pine men were investing heavily in west coast timber and timber bonds were popular with the big bond houses who found them ready sellers.

This was the background which enabled us to organize the Consolidated Lumber Co. and sell the Union Trust Co. of Detroit a 6% timber bond issue of \$350,000.00 and an issue of \$175,000.00 First Preferred Stock, which, with an issue of \$475,000.00 Second Preferred stock sold to individuals with a substantial bonus of Common Stock, and a cash advance by A. Weston & Son of \$120,000.00 without interest on four million feet of white pine to be delivered by August 1, 1913, completed our financing.

Management Was Problem
In fact we found it easier to finance the proposition than to set up a satisfactory organization to run it. One factor which influenced the Union Trust to come in was that they had financed and were heavily interested in the Lake Superior Iron and Chemical Co. (afterwards reorganized as the Charcoal Iron Co. of America) which had plants at Newberry, Manistique and near Marquette. The Chemical Co. and the Chicago Lumbering Co. owned alternate sections like a checkerboard near Shingleton which together formed a solid block of thousands of acres of virgin hardwood timber. The Trust Co. was also involved with the M. & L. S. Ry from Shingleton to Manistique at that time, and I prepared maps and data and spent three hours with Frank Blair, President of the Union Trust Co. one afternoon, showing him how those lands could be consolidated and the timber brought to Manistique over their own railroad to an enlarged plant at Manistique, the logical place for it.

Mr. Blair seemed thoroughly sold and enthusiastic about the proposition; agreed to buy our securities and took me over to the office of Beaumont, Smith and Harris where we left orders for drawing up the papers.

The Union Trust Co. however were better stock promoters than industrial managers, and for some reason I never could fathom, spent large sums enlarging their Newberry plant and paid the D. S. & A. to freight their timber to that point, and the M. & L. S. Ry lived up to its lumberjack name.

Lost Weight With Rennel Feels 100% Better

"I am thankful for Rennel Concentrate and for what it has done for me. Using Rennel my weight has gone from 146 to 134 lbs. writes Mrs. Jennie Harris, 2711 Columbus, Detroit 6, Mich. Friends are amazed at my new figure. I feel 100% better, have more pep and vitality, and even feel younger. It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your drugist, mix with grapefruit juice as directed and take two tablespoons twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel."

"Haywire" and was later sold for taxes, and the Chemical Co., Manistique plant, the Charcoal Iron Co. of America, after a brief period of war prosperity, also went "haywire".

Hired L. C. Harmon
Lou Yalomstein and I had our own affairs to look after and neither of us wanted an active part in the management of the Consolidated Lumber Co. We tried to induce Chas. Orr, Oren Quick and Norman Fox to come in and take the management but the second generation was not interested, which was a pity as they would at least have avoided the costly mistakes made by Mr. Harmon and his woods superintendent, Fred Cooper. We were looking for a manager and Mr. L. C. Harmon came up from Menominee (where he had just sold out some business enterprises) with \$60,000.00 cash and good recommendations as an all round business man of broad experience. He seemed to be just the man for us, as the Consolidated was essentially a liquidating proposition and our overall plan was to sell the stores, hotel, water power, dwellings, vacant property, open up the town, get in new industries, and let the lumbering end of it work itself out.

The Chicago Lumbering Co. was a very efficient harmonious going organization with their camps and jobbers working, the season's cut all planned and well under way in charge of expert foremen and seasoned crews. The mill was in apple pie order ready to start on an hour's notice, and we had sold the lumber in advance at a price slightly above the market.

Operating Unit Efficient
One of the strongest points we stressed when selling our securities was the smooth working organization which we had no intention of disrupting.

The deal went through on schedule and the Consolidated Lumber Co. started out with Mr. L. C. Harmon as president and general manager. I was vice president and Lou Yalomstein was secretary, neither of us being active (at first). Mr. C. E. Kelso as assistant secretary continued in charge of the office force and W. T. Bradford of the Union Trust Co. was treasurer, and everything looked rosy.

It was unthinkable that anyone would dream of interfering with the woods operations in the middle of a logging season. We didn't wrok Mr. Harmon. As matters turned out, if we had all gone on a six month's vacation somewhere and let the old crew handle things on their own without interference we would have been about \$200,000.00 better off.

Obituary

JOHN ISAAC
Funeral services for John Isaac, who passed away Thursday at the Wendland Convalescent Home, were held Saturday morning at 8 from the St. Francis de Sales church with Rev. George Pernaski, officiating.

Pallbearers were Lorn Harding,

Mayor Will Give Formal Welcome

An official welcome to delegates attending the 42nd annual convention of Superior conference will be extended at tomorrow morning's session at Zion Lutheran church by Vern C. Linderoth, new mayor of Manistique.

Linderoth's message to the church group will be his first public act as mayor.

Prior to the opening business session tomorrow, the first communion of the conference will be held, starting at 8:30 a. m., with the Rev. Maynard O. Hansen, of Negaunee, as celebrant. The Rev. Mark Wickstrom, of Bessmer, will assist at the communion, and the Rev. J. L. Milton Nelson, of Iron River, will deliver the sermon.

Miss Gretchen Shirk, public school teacher in Manistique, will sing a solo, "A Song of Redemption," at the service.

Business meetings will be held tomorrow at 10 a. m. and 1:15 p. m. In the evening, starting at 8, the Conference Women's Missionary Society will observe its festival, with Miss Edythe Kjellin, a missionary to East Africa, as the speaker.

Essay Judging Is Completed

Eighteen essays have been accepted for competition in the essay contest, "America Is Everybody's Business," being conducted by the Manistique VFW Auxiliary unit.

Judging of the local contest has been completed, and the winners will be announced as soon as the scoring of the three judges has been compared.

The winning essay in the local contest will be submitted in statewide competition, and various states winners will compete for national honors.

Mrs. John Vaughan is contest chairman.

Merle Tufnell Is Bride Saturday Of Dennis J. Gouin

Miss Merle Ellen Tufnell, 318 Schoolcraft Ave., daughter of the late Mr. and Mrs. Joseph Tufnell, and Dennis J. Gouin, 339 Schoolcraft Ave., son of the late Mr. and Mrs. Peter Gouin, were united in marriage Saturday morning at St. Francis de Sales Church. Rev. F. M. Scheringer officiated at the 10 o'clock ceremony.

The bride was attired in a two piece grey ensemble with navy blue accessories. She wore a corsage of red roses and white hyacinth.

Mrs. Clara Fissette was bridesmaid. She wore a blue print dress with navy blue accessories and a corsage of pink roses and white carnations.

Lawrence Fissette served as best man.

A 1 o'clock dinner was served at the American Legion hall and a reception was held in the evening from 7 to 9, followed by a wedding dance for 200 guests.

The couple left later on a wedding trip through the Copper Country. Upon their return they will make their home at 339 Schoolcraft Ave.

The bride attended the local schools. The groom is employed at the Manistique Pulp and Paper Company.

Out-of-town guests attending were from Detroit, Gladstone, Powers, Escanaba and Bruce's Crossing.

Hahne Names Elks Staff

Various committees of Manistique Lodge No. 632, B. P. O. E., were announced yesterday by Fred H. Hahne, exalted ruler. The committees follow:

Social

Bridal Shower

Miss Helen Miller was honored at a bridal shower Thursday evening at the home of Mrs. Carl Lyntys, 134 N. 5th St.

Games were played and prizes were awarded to Mrs. Robert Moar and Mrs. Victor Beaudry, high, and Mrs. Fred Gerger and Mrs. Vern Vail, low. Miss Lorraine Pakz received the special award.

Lunch was served later. Miss Miller, who will become the bride of Clyde Lyntys May 10, received many gifts from the 50 guests attending.

Normally, about 1,500,000 persons are employed by the railroads of the United States.

In This Corner

With Ray Crandall

Many of the younger baseball players in Escanaba are a little in doubt as to their eligibility to take part in the Cleveland Indian baseball tryout camp here in July. . . . Quoting Nap Ross, Cleveland scout, directly from a recent letter, here's the picture he gives.

"Here are some of the requisites: All boys who have graduated in 1952 and those who will graduate in '53. . . . We want boys who are 17 to 21 years of age. . . . Exceptions are welcome however if there are any boys who have exceptional ability who may be younger. . . . Boys who have played, or registered, with the American Legion Junior program cannot be approached or tampered with, if they are still ELIGIBLE for the Legion."

Now here's the question we've heard from some of the youthful ball players here. . . . If a player registered and eligible to play in Junior Legion ball wants to, can he take part in the tryout camp? . . . We expect that the answer is yes, as long as he is not approached contract-wise or tampered with by coaching. . . . However, we're dropping a line today to the Cleveland scout to get the situation clarified.

You oldtimers—and some not so old—can thank Mike Walsh of Escanaba for that picture of the 1908 University of Michigan football team we ran Saturday. . . . And also Dr. John Walsh who provided information on the identity and background of the players pictured. . . . Mike had the picture from a copy of the Detroit News and our photographer, Bernie Schultz, reproduced it on the new photo-electric Fairchild engraver.

Escanaba High School track and field coaches Steve Baltic and Henry Wylie were quite pleased with the track turnout here this Spring. . . . But the 44 Eskymo candidates is slim in comparison with the 60 reporting for first drills at Menominee High School last week.

Cleveland Near Record For Opening Victories

By JOE REICHLER (Associated Press Sports Writer)

Cleveland's rampaging Indians, baseball's only unbeaten team, are closing in on the major league record for consecutive victories at the start of a season.

At the same time, Detroit's Tigers are on their way to a record in reverse—that of losing the most games from opening day.

Combining brilliant pitching with long-range hitting, Al Lopez' win-happy Tribe yesterday swept a doubleheader from the toothless Tigers, 3-2 and 7-2, for their sixth and seventh triumphs in succession.

Sal Maglie

College Heads Want Fair Play

MOT SPRINGS, Va. — (AP) — The National Association of Collegiate Commissioners wants to abolish "unfair treatment" of officials at athletic contests and is going to back the National Collegiate Athletic Association to the limit in eliminating rules infractions.

The commissioners of the nation's 10 major athletic conferences closed out their four-day annual meeting here yesterday by passing a resolution urging spectators and coaches to maintain an "attitude of fair play" toward the officials, particularly in football and basketball games.

"It is becoming increasingly difficult to enlist and retain the services of capable officials in college sports. . . . Because of the unfair treatment frequently accorded officials by coaches and spectators," the resolution said. . . . "Satisfactory competition is impossible without officiating of the highest competence. . . ."

The resolution was the second passed by the commissioners during their stay here. Late Saturday, the commissioners pledged their "whole-hearted support" of the NCAA regulations governing intercollegiate sports.

They also applauded the efforts made by various groups to improve college athletics and said in the same resolution that the "undesirable trends" which followed World War II were rapidly disappearing.

When the commissioners arrived here last Thursday, they had planned for lengthy discussions on recommendations made last winter by a special committee on athletic policy of the American Council on Education. However, when the subject was brought up Saturday afternoon, there was very little debate.

Fan Fare

Cleveland needs two more wins to equal the record of nine that the 1944 St. Louis Browns, 1918 New York Giants and 1940 Brooklyn Dodgers reeled off right from the start.

Seven Behind Detroit, without a victory in its first seven games, is more than half-way to its own major league record of 13 successive losses at the start of the 1920 campaign. The Tigers, only big league club never to finish in the cellar, are there now, seven full games behind the pace-setting Indians.

Bob Lemon and Steve Gromek each went the distance to make it five complete games for Cleveland hurlers in seven starts. Lemon yielded seven hits in the opener for his second triumph. Gromek permitted five for his first.

Luke Easter's homer in the ninth, his third in three days, broke up a pitching duel between Lemon and Art Houtteman. The Indians unloaded four round trippers in the nightcap. Al Rosen hit two and Pete Reiser and Ray Boone one each. Reiser subbed for Larry Doby, who pulled a muscle in his right thigh in the opener.

Two-Hitter The Brooklyn Dodgers had their unbeaten skein snapped at five when Sal (The Barber) Maglie pitched the New York Giants to a

Order Davey To Box In Syracuse

SYRACUSE, N. Y. — (AP) — Lightweight Chuck Davey of Detroit today was under new orders from the New York State Athletic Commission to fight in Syracuse Thursday night or be suspended.

Robert K. Christenberry, New York's boxing boss, issued the order Saturday.

The boxer had requested a cancellation of his scheduled 10-round match with Carmen Basilio of Syracuse. Davey's manager, Hector Knowles, said his client had signed to fight Chico Vejar in Chicago May 7.

The request was refused two weeks ago and Christenberry ordered Davey to go through with the Syracuse bout.

Knowles then contended that Davey had suffered a serious cut over one eye while training last week, Christenberry said.

The commissioner ordered a medical check-up here before Dr. Charles C. Heck, a commission physician. Davey flew to Syracuse. After the examination, Heck said he told Christenberry that the cut was not serious and that Davey was in condition to fight.

Christenberry said he again ordered Davey to fight or be suspended.

Knowles would not comment. Davey also faces suspension in Illinois if he does not appear for the Syracuse match.

Leaders Hold In U. P. Keg Tourney

GLADSTONE — The top pin marks in the Upper Peninsula Bowling Association tournament remained unchanged in week-end bowling, but several new names appear in the list of leaders.

Schlitz Beer of Iron Mountain rolled into second place in the booster team division with a 2472 mark and Joe Ebner and R. Frustaglio of Ishpeming climbed into second in the doubles with 1164.

R. LaFave of Marquette also snared a new second place berth in the singles, rolling a 609 series.

Only change in the regular team division saw the Munising Supply team take over fourth with 2603. Leo Valima and Tony

Paris snared third in the doubles with a 1140 count.

The Midway Alleys here remain open this week until Friday night at 9 when new assaults on the prize list begin. A full schedule of bowling is slated for Friday night, Saturday and Sunday.

Leaders follow:

Bay de Noc League Meeting Is Tuesday

PERKINS — Organizational meeting of the Bay de Noc baseball league will be held here at the Village Inn Tuesday night at 8, it was announced by Bud Gibbs, commissioner.

All teams interested in joining the league are urged to attend. One new entry expected this season is Nahma, idle in baseball last year.

GRID DRILLS OPEN

DETROIT — (AP) — Wayne University will open its 1952 spring football practice sessions Monday (today). Sixty players are expected to report.

Coach Lou Zarza and his staff indicated they plan to stick with the T-formation used last fall.

Bob Feller of the Indians and Dick Starr of the Senators pitched the most home run balls during the '51 season in the American League. Both allowed 22 homers.

Yanks Win

The New York Yankees whipped the Philadelphia Athletics' 9-6, to halt a three-game losing streak and extend the Athletics' losing skein to four.

Ferris Fain, American League's leading hitter last year, went hitless. The Philadelphia first baseman now has gone 21 times without a hit this season.

Steve Bilko hit a home run with Enos Slaughter on base in the fifth inning to give the St. Louis Cardinals a 2-1 victory over the Cubs in Chicago.

The Boston Braves and Philadelphia Phillies split. Del Ennis' tenth-inning triple gave the Phils a 4-3 win in the opener, but his error in the eighth inning of the nightcap helped the Braves win, 2-1.

Sawchuk's Elbow Needs Operation

DETROIT — (AP) — Goalie Terry Sawchuk of the Detroit Red Wings undergoes an operation on his right elbow today to remove bone chips.

Hockey's No. 1 goalie disclosed he had been in constant pain for about a month with a recurrence of the ailment for which he has undergone two previous operations.

But he said he didn't say anything about it because he didn't want people to think he was alibiing "in case I didn't play well in the playoffs."

For the record: The Red Wings, who finished first in the National Hockey League's regular season, won the coveted Stanley Cup in eight games for the first time in history, and Sawchuk had four shutouts.

Sawchuk is in Detroit Osteopathic Hospital. He entered Sunday, after an X-ray indicated an operation was needed to remove the chips. For years he has been unable to straighten his right arm completely.

By Walt Ditzgen

Next I get that good lead. Giant scout Hans Lobert taught me to get up on my toes and prance around for a quick start. It's better to take a chance being picked off first than get caught going in second.

Surprisingly, Rufer lists sliding last in base stealing importance. "The idea is to get to the base as quick as possible, and there isn't a runner who doesn't sacrifice some speed to go into a slide."

Rudy delays until the last possible moment, then literally cata-

lyzed.

His big swat was a grand slammer off southpaw Howie Pollet in the fifth inning of the nightcap. He also collected a pair of triples in the second game. That brought his RBI output in four games against the Bucs to 12.

In the first contest, the 230-pound native of Argo, Ill., got his first home run of the 1952 campaign. It came in the eighth in-

ning off Murry Dickson, an old hand at tossing home run melons.

"You know those hits made me feel pretty good," commented Kluszewski afterwards. "I feel like a new man. But I knew something had to snap."

"In spring training I wasn't getting many hits. But I was meeting the ball solid. I knew sooner or later they'd be falling for base hits."

Was Overweight Kluszewski's batting average fell to .259 last year and he hit 13 home runs. In 1950, he smashed 25 roundtrippers and batted .307.

But let's say amen to last year, smiled big Ted. "Maybe I burned myself out by reporting to spring training overweight. But it's a different story now. I never felt better."

What does Kluszewski think of Cincinnati's pennant chances in 1952?

"We have a better ball club than last year. And with a little luck we'll finish in the first division. We're a lot better team than some people think."

Aside from the Red's three victories in the four-game set with the Pirates, the refreshing note of the series was Kluszewski's return to hitting form. Much of the Red's success this year will depend on how much thunder big Ted gets from his lumber—and there was plenty against the Pirates.

Pony Leaguers Slate Meeting

Officers and directors of the Pony League baseball organization will meet Tuesday night at 7:30 at the Escanaba Youth Center, it was announced today by Francis Rooney, president.

All interested persons are invited to attend the session at which final plans for the coming season will be laid. Pony League is new to the Escanaba sports scene, and its supporters have been busy the past three weeks seeking funds to sponsor the league.

Pony League baseball is patterned after the Little League organization, which appeared here last season for the first time. The league is composed of ball players of the 13 and 14 year old group. Age limit for Little Leaguers is 12.

It is hoped to organize a six-team Pony League this year. Sponsors for a number of the teams have been secured and a complete financial report will be made at the Tuesday night meeting. It has been estimated that \$1,500 will be necessary to get the Pony League going this season.

Michigan Men Lose In Billiards Meet

COLUMBUS, O. — (AP) — Two Michigan State men and a Michigan Normal player reached the finals of the national intercollegiate billiard tournament here over the weekend, but all lost in the championship round.

Bill Sims of the University of Georgia defeated Herb Schroeter of Michigan State, 75-38, in pocket billiards; Daniel Fader of Cornell beat Julian Yaffer of Michigan Normal, 75-90, in the straight rail event, and Paul Ridout of Wisconsin turned back Dick Abraham of Michigan State, 35-22, in the three-cushion championship match.

Yesterday's Stars

Batting: Ted Kluszewski, Reds—drove in nine runs as Cincinnati swept a doubleheader from Pittsburgh, 8-6 and 12-2. The Reds' first baseman smashed a grand slam homer and two triples in the second game. He also homered in the opener.

Pitching: Sal Maglie, Giants—snapped Brooklyn's five-game winning streak with a two-hit 6-0 shutout, fanning eight batters to hand the Dodgers their first home shutout in 176 games.

Newberry Has 47 Out For Track-Field Team

NEWBERRY — (Special)—Ten lettermen are among the 47 Newberry Indians gearing themselves for the track season opener with the Manistique Emeralds slated for 3:30 Friday afternoon, April 25, at Manistique.

Coach Morley Fraser is rebuilding his squad of last year which copped the Sault Invitational, Marquette Class B regional and the Upper Peninsula Relays championships. The 10 lettermen are

Tom Taylor, Jim Boggs, Jack Shimmens, Harold Westman, Don Ferris, Ted Kisabeth, Monte Mohr, Ken Hancock, Terry Brennan and Floyd Goodman. The latter has been loaned for the season with an emergency appendix operation.

Heavy Loss

Graduation losses cut heavily into last year's team. The Indians lost eight lettermen in Bill Heinz, top point-getter, Harry Clark and Jack Taylor, co-captains, Bill Gowan, Don McIntyre, Ron Chamberlain, Joe Fyvie and Phil Parks.

The Indians figure to be strong in the sprints and the 440, with Boggs and Taylor leading the way. Taylor was anchor-man on the undefeated Newberry medley relay team and the football star has been impressive in workouts.

1952 Schedule

In the Emeralds Newberry will be facing tough opposition. Coach Bob Hussey has one of the largest track squads in the Upper Peninsula and a number of stars are included.

Complete Newberry schedule: April 25—At Manistique. May 3—Sault Invitational. May 10—Great Lakes Conference meet at Manistique. May 17—Class B regional at Marquette. May 24—U. P. finals at Houghton. May 30—U. P. Relays at Marquette.

Softball Play Will Open Here May 17

Three Escanaba city softball leagues will swing into action on Sunday, May 18, following the annual booster games which will be presented the preceding Saturday night.

A fast American League lineup will be in operation this summer, including the following teams: Harnischfeger, Paper Mill, Power & Light, Westby's, White Birch, No Names, Ev's and Dells. The latter team is the former Tavern entry.

Need More Teams

More teams are needed to complete lineups of the National and Old Timer leagues. Three teams have made application for entry in each of the leagues, and at least three more are expected in each.

Deadline for entry in the leagues has been set at Wednesday, May 7. The Escanaba Softball Association has voted to approve the final

standings in last season's American League race as a four-way tie involving Harnischfeger, White Birch, Power & Light and No Names.

Two weeks of practice game schedules will be played before the regular season opens next month. The Association voted to bid for a state Class B tournament here this season.

U. P. Delegates

Bob Dufour and Marcel Guindon were named delegates to attend the Upper Peninsula softball meeting. Alternates are Ted Baldwin and Leslie Peterson.

The Association will present trophies to the league champions this season and to the top hurler in each of the three leagues. Next Association meeting will be held May 1.

Hoelt Stars As Tigers Suffer Seventh Straight Diamond Loss

CHICAGO—(P)—Billy Hoelt, the 19-year-old fastballer from Oshkosh, Wis., is pushing closer to a starting assignment for the Detroit Tigers—the team that may be on the way to a new record for consecutive season-opening losses.

It's possible to have a sensation on a team that's lost seven in a row, Hoelt is the sensation.

You may see him start on the remainder of the road trip, which includes games at Chicago Tuesday and Wednesday and at St. Louis Thursday night.

Or Manager Red Rolfe may save him and throw him against the unbeaten league-leading

Cleveland Indians who invade Detroit Saturday and Sunday.

Strikeout Pace
Hoelt dazzled the Indians twice in relief as the Detroiters lost four straight to Cleveland, including a series-concluding doubleheader yesterday, 3-2 and 7-2.

In yesterday's second game he struck out the side in the fifth, struck out one in the sixth and two in the seventh. He struck out one batter in the one inning he pitched Friday. That's seven strike-outs in four innings—a near record pace.

Hoelt gave up a one-run homer to Al Rosen yesterday. But he had company. In the same game Dizzy Trout gave a home run pitch to Pete Reiser with one man aboard and another to Rosen with no one on. Dick Littlefield, who relieved Hoelt, gave up a two-run homer to Ray Boone.

A home run won the first game for the Indians. With the score

tied 2-2 in the ninth and one out, hulking Luke Easter boomed loser Art Houtteman's first pitch over the right field fence.

"The Indians' pitching is great and their power can wreck you," said Rolfe.

Dozen Hits
Bob Lemon gave up seven hits in winning the first game and Steve Gromek, their No. 5 pitcher, gave up five hits in the second game. Rolfe still thinks the world champion New York Yankees look just about as good as Cleveland. He doesn't think the Indians will be a shoe-in.

A lot of his ball-players feel the same way. And most important, the Tigers haven't quit because they lost seven in a row.

"This is a good ball club—maybe not quite as good as Cleveland or New York—and we'll win a lot of games," said one of the veteran Tiger pitchers. "We'll get a few more base hits to go with our

pitching and bust out of this slump."

The Tigers have been out-hit 59 to 47 so far. The damage, however, has come from the long ball. Opponents have socked 20 extra base hits to the Tigers' 10.

Back in 1920 the Tigers lost their first 13 season-opening games under Manager Ty Cobb and that record still stands in the majors. The New York Giants lost their first 11 last year and still won the pennant.

Gray Tomorrow
Rolfe will start lefthander Teddy Gray tomorrow against the White Sox, who are doing almost as poorly as the Tigers.

On Wednesday Virgil Trucks, the victim in Saturday's 7-5 defeat, will probably face the White Sox.

"I had great stuff but I just couldn't put the ball where I wanted to," said Trucks who lasted two innings.

Cliff Mages starred in yesterday's first game with a one run homer and a great running catch.

Mages led off in the ninth with a single and Joe Ginsberg moved him to third with another single. With none out pinchhitter George Lerchen lined out to shortstop Merrill Combs and Mages was doubled at third. The ball was inches from being a safe blow.

Two innings earlier shortstop Neil Berry tripped as he was about to start a doubleplay and as a result made only the forced-out at second while an Indian run scored.

Ex-Spartan Davey Proves That College Can Turn Out Fighters

LANSING, Mich. —(Nea)— If Chuck Davey looks more like an insurance salesman than a fist-slinging kid who's giving the welterweight boxing set conniptions with his undefeated record, it figures.

Chuck does sell insurance in the capital city of Michigan by day, and after hours helps raise the premium rates with a rapier-like left hand that has bludgeoned 31 opponents in 32 pro starts. The lone slip-up was a draw.

Former lightweight champ Ike Williams was his most recent victim, Mar. 26.

Schoolboy Chico Vejar, the New York University thespian who waltz down the Chicago Stadium aisle with Chuck, May 7. But collegian Chico will have no edge in the brains department.

Davey always did reckon his noggin was more than a target for the other guy's fists, from the time he enrolled at Michigan State and started compiling the finest boxing record in collegiate history.

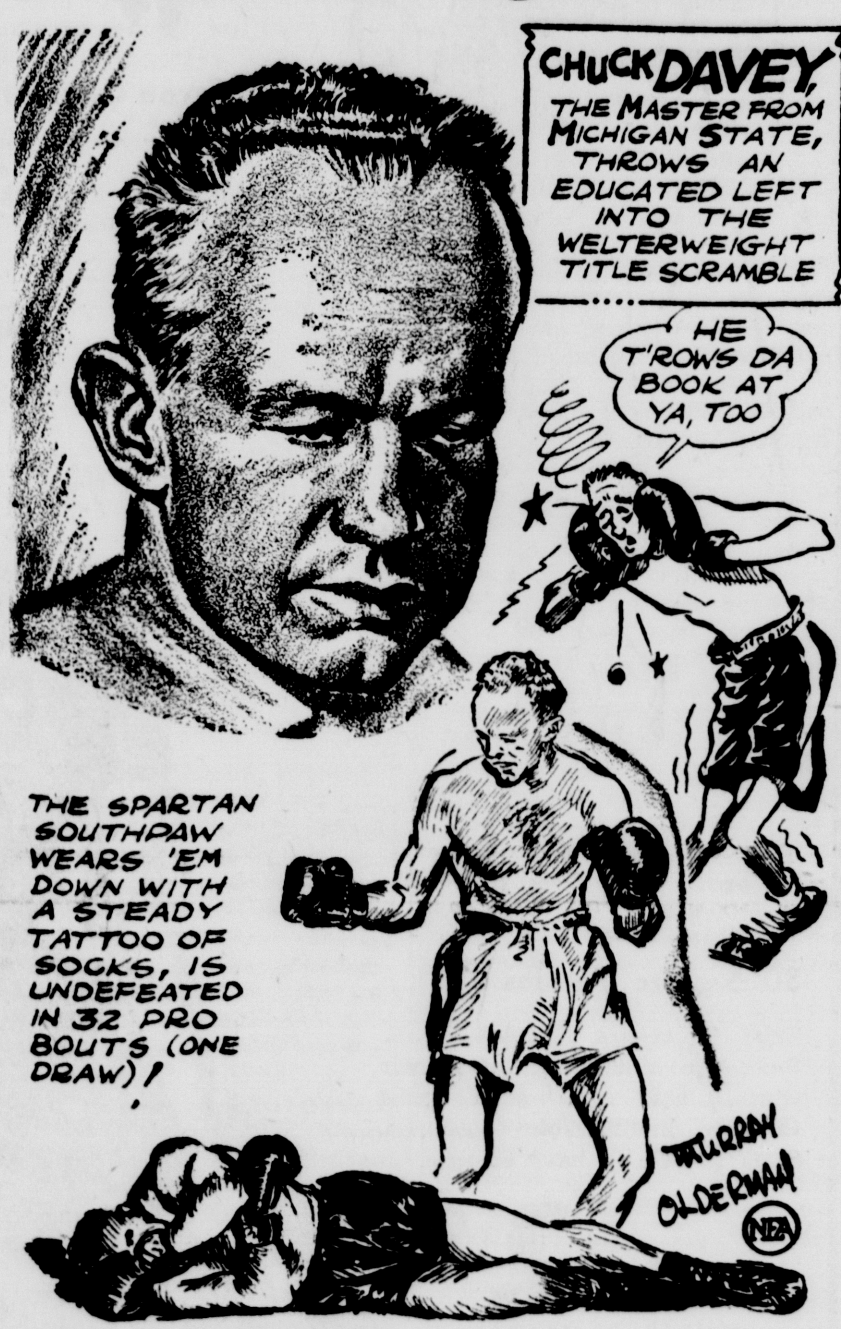

Gene Tunney warbled Shakespear, and NYU-trained Bob Pastor perfected an adagio routine against Joe Louis, but how many gems in ring record annals carry B. A., M. A. after their names.

Called Best of All
While he was acquiring degrees, the Spartan, southpaw won four National Collegiate Athletic Association titles, opening as a 127-pounder and winding up at 145 pounds.

"The greatest college boxer of all time," says Spartan Coach George Makris.

"There is no doubt about it. I've never heard anyone dispute it." From 1943 to 1946, he took time out with the Eighth Air Force as a navigator over Europe, collected the air medal, two battle stars and a first lieutenant's bars.

Now 26 and in his third year as a pro, Chuck is a finished craftsman who still looks like what he is, a kid fresh out of college without a mark on his face. A receding

hairline lends a touch of dignity. He won't knock 'em dead with one punch, but his rapid fire delivery has punned 22 of his victims into a 10-count. And he's fast enough to stay out of range when the other boys start swinging. His jittery style perplexed even such an experienced hand as Williams.

Ike scarcely landed a blow in

five rounds. Vejar, his opponent-to-be, may be tougher. Chico and Chuck are out of the same school—young, resourceful, intelligent and nurtured along carefully. Chico fires the stronger artillery, but southpaw Chuck is far more elusive.

And to twist Willie Keeler's pet phrase, "you can't hit 'em where they ain't."

Sports Roundup

By GAYLE TALBOT
NEW YORK—(P)—Within a few days now the greatest racing writers in America, if not in the world, will gather in a little room smelling of horse over in the stable area at Churchill Downs and go through with the annual skit known as interviewing Ben Jones.

This always is one of the highlights of the pre-derby program, rivaling the trainers' dinner and the hallowed sightseeing tour through one of Louisville's more famous distilleries. Ben is the world's greatest horse trainer, winner of five Kentucky Derbies, so you may well imagine the verbal sparks which fly when he meets the sharpest minds of the press box. It ought to be on television.

Great Prospect
This year Ben, known to some as "Fortnight Ben," has another almost certain Derby winner in a magnificent racer named Hill Gail. His wife made a packet on him in his maiden eastern appearance last summer because she felt the name was loaded with significance. What we have in mind is to supply a preview of the approaching dialogue between Hill Gail's manager and his alert inquirers. It follows:

"Well, Ben, you old chicken thief, it's great to see you again. From what the boys out west say this must be quite a horse you got this time. Think he'll win it?"

"Well, I'll tell you, he's a pretty good little old horse, all right, but don't go betting any money on him. I wouldn't risk a cent on that prize money."

"But Ben, he was going away from them when he won the Santa Anita Derby, wasn't he? That's a pretty good horse race."

"Didn't have much to beat in that

one, boys. You had all the big horses back in the east and down south. My little horse wasn't running against Tom Fool and Blue Man and Gushing Oil and horses like that. I don't know whether he can keep up with that kind of horses."

"Well, look, Ben, that was what you told us three years ago about Ponder, but when the race was over you were the fellow who was running around out there on the track waving his hat."

"Boys, that was the greatest surprise of my life, honest. When I saw Ponder coming up there in the stretch and taking the lead I couldn't believe my eyes. But don't go thinking this horse is any Ponder. You'll just lose your money."

"There isn't any doubt about him going a mile and a quarter, is there Ben? We hear he still was full of run when he passed the wire at Santa Anita."

Can't Tell
"That's what you never can tell, boys, no matter how long you've been around horses. There's a lot of horses look like world beaters at a mile or a mile and an eighth but they don't like the Derby distance. Hill Gail's a pretty good looking horse but he might die on me in that last furlong. That's what I'm afraid of, anyway."

"Well, thanks, Ben, it's been good talking to you, anyway. You do intend to start him, don't you?"

"Oh, sure, I guess I'll start him, but don't let him cost you any money. What you'd better do is go along and talk to some of those other trainers with the big horses. Come back any time and old Ben will tell you all he can. Always glad to help you press boys."

U. S. Wrestlers Rated Stronger

AMES, Ia. — (P)—The United States' wrestling team, "stronger and better balanced than ever before," will "give its best" in the Olympic games this summer, says Coach Ray Swartz.

Swartz, U. S. Naval Academy coach who will direct the Americans against the world at Helsinki, said the "Europeans are tougher, but so are we."

"Turkey won the unofficial team title in 1948," he said. "Wrestling is the national sport over there. But the other European countries, which were recovering from a war in 1948, should be much stronger now."

Besides Turkey, Swartz named Sweden, Russia and Finland as likely contenders. "The Russians will be out to win them all," he added.

"On our feet we can beat anyone in the world," he said. "The Europeans are proficient in ground wrestling, a very important part of the Olympic bout."

The 16-man U. S. squad will report to Annapolis June 25 for two weeks of training before flying to Finland.

Swartz said the eight champions crowned in the final trials here Saturday night are not necessarily the same men who will wrestle in the Olympics.

The winner of a series of three tryout bouts under actual match conditions will represent this country at Helsinki, he said.

This leaves the way open for Henry Wittenberg, New York policeman who suffered a minor injury, then lost his first bout in nearly 400 matches Saturday, to defend his 191-pound title.

MINORS WEAK
ST. LOUIS — (P)—One of the reasons the Chicago White Sox are off to such a dismal start is the inept batting of Minnie Minoso. Last season, Minoso swatted a healthy .326 and was one of the sparkplugs in Chicago's surprise fourth-place finish. But so far this season, the Negro outfielder is hitting only .160.

Two full brother horses, Eaton-town and Repeater, won races the same day recently at Hialeah race track. Their parents were Easton and Come Again.

Tom Bolger
Manager

Rev. R. Johnson Accepts Pulpit

The Rev. Rudolph J. Johnson, interim pastor at the Mission Covenant Church, has accepted a call extended to him by the church and will assume his permanent duties effective May 15, it is announced.

The pastor is a native of Gary, Ind., where he attended grade school.

He attended North Park College and Theological Seminary, Chicago, for 7 years where he was graduated from the Academy, College and Seminary.

He was ordained in 1940 and did further study at Washburn University, Topeka, Kas., and Pennsylvania State College at State College, Pa.

Before coming here he served Covenant churches at Scranton, Kas.; Ludlow, Pa.; Bessemer, Pa.; Helena, Mont.; Ironwood, Mich., and Kane, Pa.

He is married and in the family are two boys, Ronald and Dean.

Motorist Ticketed Following Collision

John Hardwick, 314 Wisconsin avenue, received cuts and bruises on the face when an auto he was driving struck a car driven by Walter Cunningham, Trenary, Saturday night about 10:30 on US 2-41 near the Days River bridge.

Hardwick, traveling north on the main highway, had just crossed the bridge when he struck the Cunningham auto which had stopped on the pavement, the driver intending to turn off.

Hardwick was given a ticket for failure to be able to stop in the assured clear distance.

Grand Marais

GRAND MARAIS — Mrs. Edward Hermanson and Alex Niemi Sr., visited Wednesday in Manitowish with Mrs. Niemi, who is a patient at the Schoolcraft Memorial Hospital.

Mr. and Mrs. Rupert A. Bell of Detroit have returned to their home on AuSable Lake here.

Forest Carter of Muskegon is visiting a few days with his family.

Proficiency Class—The proficiency class of Minnawasca Chapter No. 96, Order of the Eastern Star, will meet at 2 on Tuesday afternoon at the Masonic Temple.

Engineers Study High Lake Level

DETROIT —(AP)— Army engineers launched a study of high water levels here in the battle against flood problems menacing the state's shorelines.

Gov. Williams met with Col. George Kumpke, Lieut. Col. H. H. Northington, George B. Wesler of the Milwaukee district; Bert Robb of the inter-agency council on flooding and Milton P. Adams, executive secretary of the water resources board.

Erosion Loss Heavy
The army engineers recommended legislation which would permit incorporated villages to give the federal government permission to establish flood control measures.

Col. Northington said the federal agencies would need legal assurances from affected villages that they could obtain easements for such measures as they found necessary. Villages now are unable to give the government such protection under current law.

The army engineers reported heavy damage to homes and roads along the western Michigan coast due to water erosion. They said the water may approach the great level of 1837.

They asked that county supervisors be urged to submit reports on water damage in an effort to compile all information relative to flood problems.

Homes Menaced
Robb proposed that the governor protest to President Truman on the recent water flow rate established for Lake Superior by the International Board of Control. He said the flow had been cut by only 10,000 cubic feet a second.

Robb estimated Michigan already has lost up to 30 per cent of its recreational facilities through high water. Beaches and boat livers from St. Clair Shores to Lexington have gone out of business, he said.

If the water rises another foot and a half as forecast, Robb added, damage will run into millions and 40,000 persons along the east coast will be homeless.

Tertz, a German, discovered radio waves in 1887, 20 years after Maxwell, an Englishman, asserted they must exist.

Garden

Pinochle Club Meets
GARDEN—The Pinochle Club met at the home of Mrs. Walter Stellwagen Tuesday night. Mrs. Roland Boudreau had high score. Mrs. Jack Rasmussen was second and Mrs. Anna Green, low. Mrs. Fred Gauthier received the double pinochle prize. Easter decorations featured the lunch.

Pancake Supper
Members of the Pinochle Club enjoyed a pancake supper at the Frank Moran sugar bush cabin Wednesday evening. The fresh maple syrup was an important item of the menu.

KIWANIS CLUB FOSTERS GOOD WILL—Joining more than 3,400 Kiwanis clubs throughout Canada and the United States, the Escanaba Kiwanis club today held a special program commemorating U. S.-Canada Good Will Week, which is observed April 27 to May 3. The observance dates back to 1921, when Kiwanis International held its first Canadian Day celebration. As a part of their program of friendship, Kiwanis clubs have erected 27 bronze "peace tablets" like the above at major ports of entry during the past three decades. At the Escanaba Kiwanis club meeting today the speaker was the Rev. James G. Ward, who cited the relationship that prevails between the United States and Canada as an outstanding example of international good will. John Bartella was program chairman.

tained was a visitor here Wednesday. The Louis Guertin family returned to Detroit Wednesday.

William Endress of Detroit arrived here Tuesday to make his home with his brother Michael.

Connie's Birthday
Mr. and Mrs. Myron Farley entertained Thursday at a double celebration for their younger daughter Connie who was 10 years old. In the afternoon Connie's

friends, Jane La Vallee, Carole Hazen, Jane Ralph, Verna Reno, Lorna Maynard, Eugene Bernier, Penny Farley, Cheryl and Jody Richard and her sister Judy enjoyed games, in which prizes were won by both Janes. For the supper celebration Mr. and Mrs. Joe Farley, Mrs. George Boudreau sr., Mr. and Mrs. Norval Farley, Milton Farley, Mr. and Mrs. Henry Jacobsen and sons Bruce and Pet-

SHE'S THE SAFEST LADY ON THE ROAD

With Chrysler **POWER STEERING** plus Chrysler **POWER BRAKES**

At the wheel of a new Chrysler, you have quicker, surer control of motion than you've ever had in a car. You can't imagine what it's like till you drive it! With this full-time power steering, hydraulic power does 4/5 the steering work at your gentle pull on the wheel! You also turn the wheel 1/3 less distance. And on rough roads, soft shoulders, snow or sand, "wheel fight" just doesn't happen. Your hand actually has five times the usual steering control, through every minute of every mile . . . with the same sure "wheel feel" at all times!

With this safer way to steer, power brakes make stops at all speeds safer and easier, too. Power from the engine "boosts" every touch of your toe. Actually you stop with up to 2/3 less foot pressure than non-power brakes. You can bring your Chrysler to a halt from full speeds in many feet less distance than other cars of comparable size can stop. See your Chrysler dealer soon. Feel for yourself why thousands of owners say Chrysler offers the two greatest advances in many years in driving safety and driving ease!
